RESOLUTIONS.

TARIFFS.

New Delhi, the 11th December 1937.

No. 202-T (1)/36.—The protection afforded to the Paper and Paper Pulp Industries by the Bamboo Paper Industry (Protection) Act, 1932, will determine on the 31st March 1939. A subsidiary enquiry into the question of classification of paper for tariff purposes was held by the Tariff Board in 1935 and, the action taken upon the Board's recommendations having resulted in a not inconsiderable extension of the range of protection previously enjoyed by the Indian paper making industry, the Government of India decided to review the necessity or desirability of maintaining the extra measure of protection which was fortuitously afforded by the imposition of the revenue surcharge of 25 per cent. in 1931. This matter has accordingly been enquired into departmentally, but, owing to the complicated nature of the data to be examined and in view of the imminence of this further enquiry by the Tariff Board into the whole question of protection to the Industry, the Government of India have taken no action in regard to the surcharge.

2. The Tariff Board is now requested to re-examine the question of the protection enjoyed by the paper and paper pulp industries in India and to report what protective measures (if any) should be continued after the 31st March 1939.

3. If the Tariff Board is satisfied during the course of its investigations that the revenue surcharge on the paper protective duties is no longer justifiable it will be at liberty to make its recommendations in this behalf in advance of its main report.

4. In making its recommendations the Tariff Board will take all relevant considerations into account including those stated in parts (*b*) and (*c*) of the Resolution adopted by the Legislative Assembly on the 16th February 1923.

5. Firms or persons interested in the paper making industry or in industries dependent on the use of paper who desire that their views should be considered by the Tariff Board should address their representations to the Secretary to the Board

(*ii*) where the appearance in any part of a mine of smoke or other sign indicates that a fire has or may have broken out, the provisions of regulation 87G shall be followed."

XV. After regulation 72 the following regulations shall be inserted, namely:—

"72A. (*1*) When inflammable gas or any noxious gas is detected in any working place or any part of a mine, all persons shall be withdrawn from the place or part, and the place or part shall be immediately fenced off so as to prevent persons inadvertently entering the same. The official in charge of the district in which the gas has been detected shall take steps, without delay, to remove the gas by improving the ventilation and shall also send a report of the occurrence to the manager.

(*2*) During the removal of such gas no naked light shall be used in the ventilating district in which the gas is detected and all persons, except those necessary for such removal, shall be withdrawn from the return side of the ventilating district unless the quantity of gas is, in the opinion of the manager or other responsible official in charge of the mine in the manager's absence, so small that such withdrawal of persons is unnecessary.

(*3*) No workman shall be readmitted into the place or part referred to in sub-regulation (*1*) until a competent person appointed by the manager for the purpose has inspected the place or part and has reported that the place or part is free from gas. Every such report shall be in writing and shall be dated and signed by the person who made the report.

(*4*) The inspection required by sub-regulation (*3*) shall be made with an approved locked flame safety lamp and in the case of noxious gas, also with a cage containing small birds or other means of detecting carbon monoxide gas approved by the Chief Inspector.

(*5*) Particulars of every occurrence referred to in sub-regulation (*1*) and every report submitted under sub-regulation (*3*) shall be recorded in a paged book, which shall be kept at the mine for the purpose, and it shall be stated in the book where and when the gas was found and when it was removed.

72B. (*1*) No coal shall be extracted from any spot which lies vertically below—

(*a*) any part of the bed of any river, tank or reservoir or

(*b*) any spot lying within a horizontal distance of 50 feet from either bank of a river or the boundary of a tank or reservoir

except with the written permission of the Chief Inspector and subject to such conditions as he may specify.

(*2*) For the purposes of this regulation, where sand or alluvium are lying in the course of a river, or in a tank or reservoir the bed of the river, tank or reservoir at that point shall be deemed to coincide with the surface of the hard strata underlying such sand or alluvium."

XVI. In regulation 81-

(*i*) in sub-regulation (*1*)—

(*a*) for the word "Reasonable" the word "Proper" shall be substituted; and

(*b*) before the words "to isolate", the words "and adequate steps shall be taken" shall be inserted.

(*ii*) for sub-regulation (*2*), the following sub-regulation shall be substituted, namely:—

"(*2*) Where in the opinion of an Inspector, the provision made or steps taken for the purposes specified in sub-regulation (*1*) are inadequate, he may require such additional provision or steps as he shall specify to be made or taken."

XVII. In regulation 85, the words "or an outbreak of fire" shall be omitted.

XVIII. After regulation 86, the following headings shall be inserted, namely:—

"CHAPTER VIIA.

SPECIAL PRECAUTIONS AGAINST SPONTANEOUS COMBUSTION AND UNDERGROUND FIRES."

XIX. After regulation 87, the following regulations shall be inserted, namely:—

"87A. (*1*) All surface structures and supports within a horizontal distance of 25 feet from the perimeter of shafts and the covering of all shafts sealed off or covered for ventilation purposes, and all fan drifts, fan casings and parts of fans within such drifts or casings, shall be of non-inflammable material.

Provided that this regulation shall not apply to—

(*a*) structures and supports and the covering of shafts if they are so protected by non-inflammable material as to eliminate the risk of fire; and

(*b*) the small lid or covering of a shaft covering operated by the rope cappel.

(*2*) All air-crossings in main intake or main return airways and all ventilation or separation doors in any fan house or fan drift and in the vicinity of shaft bottoms or air-crossings in main intake or main return airways shall be constructed of non-inflammable material and shall be designed, as far as practicable, to prevent leakage.

(*3*) No timber or other inflammable material shall be used in the construction of or in connection with any underground engine-house or electrical sub-station, switch house or motor room.

87B. No oil, grease, canvas, or other highly inflammable material shall be stored underground in any mine except in a fire-proof receptacle or chamber.

87C. Adequate means of extinguishing fire shall be provided at any part of a mine where timber, grease or other inflammable material is stored and at all insets where timber is used for the construction of the staging and at every pit-head, pit-bottom, engine-room and electrical apparatus room.

87D. No ashes or residue from the manufacture of coke shall be deposited in any coal quarry, or on any exposed outcrop of coal, or on any ground damaged by the extraction of coal in which open fissures or cavities exist.

87E. (*1*) No person shall light a fire or permit a fire to be lighted in any underground part of a mine:

Provided that nothing in this sub-regulation shall apply to the use of blow lamps or electric repairing apparatus if permitted by a special written order granted by the manager of the mine. The order shall specify the person who shall be in charge of the blow lamp or apparatus and shall require such person to bring it back to the surface when no longer required.

(2) No person shall light a fire or permit a fire to be lighted within a distance of 40 feet from the perimeter of any shaft except in accordance with a written order granted by the manager of the mine and only for a special purpose specified in such order.

(3) All such orders shall be recorded in a paged book kept in the office of the mine.

(4) No person shall ignite a "feeder" or an accumulation of gas.

87F. No excavation shall be done in any part of a seam lying under any part of another seam which is on fire or is believed to be on fire or which is connected by a goaf or by broken strata to any fire except by a method which will maintain the strata between the seams *in situ* and intact.

87G. (1) On the appearance in any part of a mine of smoke or other sign indicating that a fire has or may have broken out all workmen other than those whose presence in the mine is deemed necessary for dealing with the emergency shall be immediately withdrawn from the mine. No workmen, other than the men required for dealing with or damming off the fire, shall be re-admitted until either the fire has been extinguished or the part in which it exists has been effectively dammed off and an examination has been made by the manager and the competent person appointed under regulation 72 and the mine has been reported to be safe. Every such report shall be recorded without delay in a paged book, which shall be kept at the mine for the purpose and shall be dated and signed by the manager and the competent person who made the inspection:

Provided that, in a mechanically ventilated mine in which the use of safety lamps is not required other than for inspection purposes, this regulation shall apply only to the ventilating district or districts, that may be affected.

(2) The examination required by sub-regulation (1) shall be made with an approved locked flame safety lamp and a cage containing small birds or other means of detecting carbon monoxide gas approved by the Chief Inspector. No additional light shall be used other than an approved electric torch or lamp.

87H (1) Approved locked safety lamps or electric torches shall be exclusively used in the work of dealing with or damming off an underground fire:

Provided that where, in the opinion of the manager, it is necessary to take immediate steps to deal with an outbreak of fire, the provisions of this sub-regulation shall be deemed to have been complied with if the workmen engaged in dealing with the fire are provided with approved safety lamps or electric torches as quickly as is reasonably practicable.

(2) During the work of dealing with or damming off an underground fire a cage or cages containing small birds or other means of detecting carbon monoxide gas approved by the Chief Inspector shall be kept at all places in which persons may be in danger from noxious gases.

87I. Approved locked safety lamps or electric torches shall be exclusively used in any ventilating district of a mine in which there is an underground fire whether such fire is sealed off by stoppings or not:

Provided that the Chief Inspector may in the case of any mine, grant exemption from this regulation under such conditions as he may impose, if, in his opinion, the use of approved safety lamps or electric torches in such mine is not necessary.

87J. "(*1*) In any ventilating district of a mine which is not naturally wet throughout and—

(*i*) in which there is an underground fire, whether sealed off or not; or

(*ii*) in which the extraction of pillars is in hand or is about to commence.

The following precautions with respect to danger from dry coal dust shall be taken:—

(*a*) All haulage and tramming roads shall be systematically kept clear of accumulations of dry coal dust.

(*b*) All such roads shall be systematically treated with water or incombustible dust in such a manner as to prevent an explosion from being initiated or propagated by coal dust. If incombustible dust is used for the purpose, it shall be of a kind which is not likely to be injurious to the health of workmen.

(*2*) The precautions laid down in sub-regulation (*1*) shall also be observed at all places within 400 feet of an area—

(*i*) which has been or is being sealed off on account of fire; or

(*ii*) in which pillars are being extracted.

(*3*) The Chief Inspector may, by order in writing, grant, subject to such conditions as he may impose, exemption from the provisions of sub-regulation (*1*) or sub-regulation (*2*) to any mine or part of a mine on the ground that, on account of the special character of the mine or part, the observance of the precautions laid down therein is not necessary.

87K. In any working mine in which a fire is known or is believed to exist—

(*a*) adequate precautions shall be taken to prevent the passage of air from the mine through any goaf or through broken strata connected with the fire; and

(*b*) no work, other than work required by clause (*a*) of this regulation, shall be done in any part of the mine which is not effectively sealed off from any such goaf or broken strata."

XX. After regulation 92, the following regulation shall be inserted, namely:—

"93. Where a main haulage road extends to a distance of more than 3,000 feet from the shaft or the entrance to the mine, efficient means of telephonic communication shall be provided and maintained between a suitable station near the end of every such main haulage road, the pit-bottom and the surface, or between a suitable station near the end of every main haulage road and the entrance to the mine:

Provided that the Chief Inspector may by order in writing require the provision of means of telephonic communication where in any mine the main haulage extends to a distance of less than 3,000 feet from the shaft or the entrance to the mine, where travelling is unduly arduous:

Provided further that the Chief Inspector may by order in writing permit the use of other suitable means of communication in cases in which the conditions in the mine are not suitable for telephones."

XXI. The present regulation 93 shall be inserted in regulation 95 as sub-regulation (*1*) of that regulation, and the present regulation 95 shall be re-numbered as sub-regulation (*2*) of that regulation.

XXII. In regulation 96A, the words "in which inflammable gas has been found during the previous twelve months or in which there is a risk of inflammable gases entering the mine from an underground fire" shall be omitted.

XXIII. After regulation 101, the following regulation shall be inserted, namely:—

"101A. No liquid oxygen explosive shall be used in any underground part of a mine."

XXIV. For regulations 108 and 109, the following regulations shall be substituted, namely:—

"108. (*1*) No shot shall be stemmed or fired except by or under the personal supervision of a competent person appointed by the manager by order in writing to be a shot-firer.

(*2*) In any mine in which more than 50 persons are employed underground at any one time, no person shall be so appointed or shall perform the duties of a shot-firer who is responsible for making inspections under sub-regulation (*2*) of regulation 70.

(*3*) With effect from the 1st day of April 1940, no person shall be appointed as a shot-firer under sub-regulation (*1*) unless he holds either a shot-firer's certificate or a sirdar's certificate or a manager's certificate granted under these regulations.

109. Every shot-firer shall, before a shot is fired by him or under his supervision, see that all persons in the vicinity have taken proper shelter at a safe distance; he shall also take suitable steps to prevent any person approaching the shot and shall himself take proper shelter."

XXV. For regulations 115 and 115A, the following regulation shall be substituted, namely:—

"115. (*1*) In any place in a mine in which the use of a locked safety lamp is for the time being required by or in pursuance of these regulations—

(*a*) no shot shall be stemmed or fired by any person who does not hold a sirdar's certificate endorsed for gas testing;

(*b*) no shot shall be fired until the shot-firer has examined both the place where the shot is to be fired and all accessible places within a radius of 60 feet for the presence of inflammable gas and has found such places free from gas.

(*2*) No shot shall be fired at any place underground in a mine unless the place itself and all accessible places within a distance of 60 feet—

(*a*) are naturally wet, or

(*b*) have been drenched with water to such an extent that there will be no danger of dry coal-dust being raised into the air by the shot, or

(*c*) have been thoroughly treated with incombustible dust."

XXVI. For regulation 116, the following regulation shall be substituted, namely:—

"116. No explosive other than a Permitted Explosive shall be used—

(*a*) in any mine in which inflammable gas has within the previous twelve months been reported to be present or in which safety lamps are required, by or in pursuance of these regulations, to be used for any purpose other than inspections; and

(*b*) in any other mine in any main haulage road or main intake or main return airway or any place immediately contiguous to such road, intake, airway or place, unless such road, intake, airway or place is naturally wet throughout:

Provided that in the case of any mine or any part of a mine an exemption may be given by the Chief Inspector, subject to such conditions as he may impose, on the ground that, on account of the special character of the mine, the prohibition of the use of explosives other than Permitted Explosives is not necessary."

XXVII. In regulation 116A—

(*i*) for the full-stop at the end of clause (*c*), a semi-colon shall be substituted; and

(*ii*) after clause (*c*) the following clause shall be inserted, namely:—

"(*d*) (*i*) no shot of a Permitted Explosive shall be fired except by means of a shot-firing apparatus of a type approved by the Chief Inspector and subject to such conditions as he may from time to time lay down by notification in the Gazette of India:

Provided that the Chief Inspector may, in special cases, by order in writing, permit, subject to such conditions as he may specify, the use of any other shot-firing apparatus;

(*ii*) every approved shot-firing apparatus in use in a mine shall, once at least in every three months, be cleaned and thoroughly overhauled by a competent person appointed in writing by the manager; and

(*iii*) no person shall use or allow to be used any approved apparatus which has become unsafe or defective."

XXVIII. After regulation 116A, the following regulation shall be inserted, namely:—

"116B. In any underground part of a mine two or more shots shall not be charged or fired in the same place simultaneously, if the explosive used is not a Permitted Explosive:

Provided that this regulation shall not apply to—

(*a*) working places in which the roof, floor and sides within a radius of 100 feet of the place where shots are to be fired are naturally wet; or

(*b*) a cross-measure drift in stone if such drift does not contain dry coal-dust; or

(*c*) shafts which are in the process of being sunk through or across the strata."

XXIX. In regulation 117, for the words "persop who fired the shot or a" the words "shot-firer appointed under regulation 108 or other" shall be substituted.

XXX. For regulations 123—125, the following regulations shall be substituted, namely:—

"123. (*1*) No artificial light other than an approved locked safety lamp shall be allowed or used—

(*a*) in any seam in a mine in which an explosion or ignition of inflammable gas has occurred during the previous twelve months:

Provided that the Chief Inspector may, subject to such conditions as he may impose, exempt any mine from the operation of this clause, on the ground that on account of the special character of the mine the use of safety lamps is not necessary;

(*b*) in any place in a mine in which there is or is likely to be any such quantity of inflammable gas as to render the use of naked lights dangerous;

(*c*) in any working near a place in which there is likely to be an accumulation of inflammable gas; or

(*d*) in any ventilating district of a mine in which inflammable gas has been found during the previous twelve months.

(*2*) If any difference of opinion arises between an Inspector and a manager on the question whether the conditions specified in clauses (*b*) and (*c*) of sub-regulation (*1*) exist in any mine, the question shall be referred to the Chief Inspector whose decision thereon shall be final.

(*3*) In the case of any mine to which clause (*d*) of sub-regulation (*1*) applies the Chief Inspector may, if safety lamps are not immediately available, grant a temporary exemption from the operation of that clause, subject to such conditions as he may specify, until such time as safety lamps can be obtained.

(*4*) In any mine or part of a mine in which safety lamps have been in use in compliance with the provisions of sub-regulation (*1*), no artificial light other than an approved locked safety lamp shall subsequently be allowed or used, except with the written consent of the Chief Inspector.

Explanation.—Where the ventilation in a mine is not mechanically controlled, the ventilating district shall be deemed to include the whole mine. Where the ventilation in part only of a mine is not mechanically controlled, the whole of the part in which ventilation is not mechanically controlled shall be deemed to be a single ventilating district.

124. Notwithstanding anything contained in regulation 123, fixed electric lights may be used in any mine or part of a mine, provided such installation complies with the rules made under the Indian Electricity Act, 1910, relating to the use of electric energy in parts of mines in which inflammable gas is likely to occur in quantity sufficient to be indicative of danger.

125. In any mine in which inflammable gas has been found during the previous twelve months, no advance gallery shall be driven more than ten feet ahead of the widened gallery and in every such gallery the ventilating current shall be conducted as near to the working face as is practicable."

XXXI. In regulation 127—

(*i*) in clause (*a*) after the word "appointed" the words "in writing" shall be inserted, and for the word 'used" the words "issued for use" shall be substituted;

(*ii*) for clause (*b*) the following clause shall be substituted, namely:—

"(*b*) A competent person appointed in writing by the manager for the purpose shall examine every safety lamp at the surface immediately before it is taken underground for use and shall assure himself, as far as practicable, from external observation that each lamp is in safe working order and securely locked. The person so appointed shall not be the banksman except in a mine where the number of persons employed underground is not more than 50 at any one time."

(*iii*) After clause (*c*) the following clauses shall be inserted, namely:—

"(*d*) A competent person appointed in writing by the manager for the purpose shall examine every safety lamp on its being returned, after use underground. If on such examination any lamp is found to be damaged or misused, he shall record the nature of the damage or misuse in a book to be kept at the mine for the purpose. Every new entry in the book shall be shown to the manager without delay.

(*e*) The manager or a competent official appointed in writing by the manager for the purpose, other than the persons referred to in clauses (*a*) and (*b*) of this regulation, shall examine thoroughly all safety lamps in use at a mine at least once in every week, and shall record the result of his examination in a book kept at the mine for the purpose. If any lamp is found to be defective, it shall not be reissued for use until the defect has been remedied."

(*iv*) the existing clauses (*d*) and (*e*) shall be renumbered as clauses (*f*) and (*g*) respectively, and after these clauses as so renumbered the following clauses shall be inserted, namely:—

"(*h*) No glass of an approved flame safety lamp shall be replaced except by a flame lamp glass manufactured by such firm and of such type and satisfying such conditions as the Chief Inspector may from time to time specify by notification in the Gazette of India.

'(*i*) No bulb of an approved electric safety lamp shall be replaced except by an electric lamp bulb manufactured by such firm and of such type and satisfying such conditions as the Chief Inspector may from time to time specify by notification in the Gazette of India.' ''

XXXII. In regulation 133 the words "or fire" shall be omitted.

XXXIII. Regulation 135 shall be omitted.

XXXIV. The Schedule shall be numbered as Schedule I, and in the said Schedule, as so numbered, for Form IX the following form shall be substituted, namely:—

OFFICE OF THE PRIVATE SECRETARY TO HIS EXCELLENCY THE VICEROY.

King's Police Medal.

NOTIFICATION.

New Delhi, the 1st January 1938.

No. 22H.—His Imperial Majesty The KING, EMPEROR OF INDIA, has been graciously pleased to confer the King's Police Medal, and in one case a bar to the Medal previously awarded, on the following officers and men of the Indian Police establishments:—

* * * * * *

BENGAL.

Major Erichsen Shafton Ewen Rerrie, 1st Battalion, 5th Mahratta Light Infantry, lately Military Intelligence Officer, Midnapore.—Major Rerrie joined Midnapore in May 1933 as Military Intelligence Officer and Additional Superintendent of Police. He was in that district when Mr. B. E. J Burge, the District Magistrate, was assassinated and took a prominent part in the round up of the conspirators which followed this outrage. Major Rerrie worked with great enthusiasm and displayed much energy in assisting to break up the terrorist organisation in that district. Between 1933 and 1936 combined Military and Civil operations, to bring about a change in the attitude of the people and to induce them to display a greater respect for law and order, were undertaken. Major Rerrie's personal exertions in this connection were particularly praiseworthy and it was mainly on this account that these operations were so successful. He reverted to military duty in May 1937; at great personal inconvenience and in the interests of continuity of experience he refused to take leave, so that his successor could assimilate a satisfactory working knowledge of the district of Midnapore.

Henry Carter Hunt, Indian Police, Officiating Deputy Inspector-General of Police.—Mr. Hunt joined the Imperial Police in 1909 and his service has been marked by thoroughness and ability of a high order. When a comparatively young officer he earned the thanks of Government for the efficient manner in which he performed the difficult duties entrusted to him in the Pragpur-Khalilpur dacoity case. In 1921 his services were placed at the disposal of the Government of India for employment as Secretary to the Railway Police Committee which placed on record their high appreciation of Mr. Hunt's work and remarked that his devotion to duty materially lightened their labour. His work as Assistant to the Deputy Inspector-General of Police, Criminal Investigation Department, and as Deputy Commissioner, Calcutta Police, was characterised by exceptional ability and keenness. In the communal riots in Calcutta in 1926 he had an important and difficult role to play, which he handled with conspicuous success. Since he first officiated as Deputy Inspector-General in January 1933 he has been discharging the duties of that office in an eminently satisfactory manner.

Cyril Weale, Indian Police, Superintendent of Police.—Mr. Weale joined the Imperial Police in 1921. In 1924 he was posted to the Intelligence Branch as Special Assistant, and in view of his particular aptitude for such work he was appointed in 1926 as Additional Superintendent of Police, Dacca, and in 1930 as Special Superintendent, Intelligence Branch, where he worked with conspicuous success. As Superintendent of Police, Midnapore, where he had charge of the District Intelligence Branch, he succeeded in breaking up the ramifications of the terrorist parties in that district. His general administration of the district in all its branches was most successful, and his energy and efficiency acted as an inspiration to his subordinates.

Pulin Chandra Chakrabatti, Inspector of Police.—In the course of his 26 years' service in the Police Department Babu Pulin Chandra Chakrabatti has earned 37 money rewards including a gold watch presented by His Excellency the Governor of Bengal, and 16 commendations for good work, including several by Judges, as well as 5 good service marks. He received the thanks of Government for the efficient manner in which he carried out his duties in connection with disturbances in 1924. He joined the Criminal Investigation Department on 28th May 1928, and justified his selection by the high standard of his work. In the Punjabi Gang case he rendered valuable service, characterised by resource and devotion to duty. Through his assiduous investigation a gang consisting mainly of railway employees, who have for several years been carrying on a system of defrauding the railway by manipulating used tickets, has been discovered and brought to trial. He has also rendered invaluable service in detecting a gang that has, for many years, been concerned in forging Government currency notes in the Howrah district. It is also due to him that the discovery has been made of an important gang, which has been defrauding Government by selling used stamps after removing the post marks by a chemical process.

Santosh Kumar Gupta, Officiating Inspector of Police.—This officer rendered excellent service in the Central Intelligence Branch, having worked in that department from 2nd July 1930 until he left on transfer to Faridpur on 5th May 1935 as senior District Intelligence Officer. His work in the Faridpur District Intelligence Branch has been marked by extraordinary efficiency and success. During his service he has earned a large number of money rewards, 16 good service marks and 20 commendations. His courage, resourcefulness and devotion to duty are of a very high standard.

Malcolm Kenneth Johnston, Deputy Commissioner of Police.—This officer joined the Indian Police in 1926 and after serving in Midnapore and Kharagpur he was transferred in 1929 to the Bengal Intelligence Branch as Special Assistant to the Deputy Inspector-General of Police. He officiated as Superintendent of Police, Murshidabad, in 1933 and later, in the same year, held charge of the District Intelligence Branch, Dacca district, and after working as Additional Superintendent of Police, Midnapore, he was selected for the post of Deputy Commissioner of Police, Special Branch, Calcutta. As Deputy Commissioner of Police in charge of the Special Branch his work has been of the highest order. He has shown marked ability in organizing an effective intelligence service and he has carried out his onerous duties with great care and efficiency. He has rendered excellent and most meritorious service within a comparatively short period in all branches of the Special Branch work and his work has been of the greatest value and assistance in the task of maintaining peace and order in Calcutta and its suburbs.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 543L.C. — 10th January, 1938.—The following report of the Select Committee on the Bengal Cruelty to Animals (Amendment) Bill, 1937, by Mr. Lalit Chandra Das, M.L.C., with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Cruelty to Animals (Amendment) Bill, 1937, by Mr. Lalit Chandra Das.

We the members of the Select Committee to which the Bengal Cruelty to Animals (Amendment) Bill, 1937, by Mr. Lalit Chandra Dás was referred by a motion carried in the Council have the honour to submit this our report with the Bill embodying amendments recommended by us. All matter omitted by us has, as far as possible, been printed in italics and enclosed in square brackets and all new matter inserted by us has been underlined.

The changes made by us are detailed below :—

Clause 2 has been omitted because it is understood that Government propose to extend the Act under sub-section (*3*) of section 1 thereof to the areas referred to in this clause

Clause 3.—The existing provisions in clause 3 have been redrafted from drafting point of view

We think that a provision should be inserted for the forfeiture of the cow or the milch animal on which *phooka* has been performed and we also think that imprisonment in addition to fine shall be imposed as a punishment only in cases of a second or subsequent offence committed by the same person or in respect of the same cattle-shed We have therefore inserted new provision to carry out this intention.

Clause 4 (*proposed section 6A*).—We are of opinion that the payment of a portion of fine to the informer should be left to the discretion of the magistrate.

Clause 5 has been omitted as we think that if the power referred to in this clause is given to an officer of the Calcutta Corporation or of a municipality there may be cases likely to result in a breach of the peace.

Some verbal drafting changes have also been made.

2. The Bill was published in the *Calcutta Gazette* of the 26th August, 1937. We do not consider that the Bill has been so altered as to require its republication.

3 We commend the Bill as settled by us for the acceptance of the House.

Annual Reports of the Civil Veterinary Department, Bengal, and of the Bengal Veterinary College for the year 1936-37.

RESOLUTION—No. 7Vety.

Read—

Annual Reports of the Civil Veterinary Department, Bengal, and of the Bengal Veterinary College for the year 1936-37.

Civil Veterinary Department.

Mr. P. J. Kerr held charge of the office of the Director, Civil Veterinary Department, and Veterinary Adviser to the Government of Bengal throughout the year. Rai Sahib M. P. Ghosh was Assistant Director in charge of Eastern Range and Rai Sahib N. N. Majumdar was Assistant Director in charge of Western Range. The latter officer was on leave during the major part of the year while Babu B. N. Das Gupta officiated in his place. Mr. M. B. Menon continued as Disease Investigation Officer, Bengal, until the 14th July 1936 when his services were transferred to the Veterinary Vaccine Section as Superintendent and Mr. Balwant Singh was appointed in his place.

In the year under review the mortality of animals from contagious diseases was the highest during the last five years. The total deaths from epidemic diseases were 52,702 as against 43,240 in the previous year. The incidence of rinderpest which has been rising in the past few years showed a decline, a loss of 26,126 animals from this disease being reported during the year as against 35,281 in the previous year. The decrease in the number of deaths from rinderpest in spite of widespread outbreak throughout the province was due to efficiency of control by Goat Tissue Vaccine which was applied with more satisfactory results. The low mortality from rinderpest was however conterbalanced by deaths among goats amounting to 12,714 reported to be from Parasitic Diarrhœa. During the year Anthrax appeared as a definite and fairly widespread outbreak, in addition to its usual occurrence in numerous sporadic cases. The total number of deaths reported from this disease was 1,561. The district of Dacca was the worst sufferer from this disease during the year, 1,128 deaths being reported from that district. The epidemic was so serious in this district that a prohibitive "standstill" order on cattle and goats and their hides and skins had to be issued for a period extending over two months. The outbreak was effectively controlled through the widespread inoculation by Special Anthrax Spore Vaccine obtained from Burma where it had recently been introduced for cattle. An outbreak of glanders amongst hack ponies in Noakhali municipal area was reported during the year. Twenty-two animals were attacked out of which two died before the test was applied and the rest destroyed after reaction to the Mallein Test.

The usual programme of preventive inoculation was carried out in 1,381 outbreaks and 3,55,079 animals were inoculated. The death rate among the inoculated and vaccinated animals was 1·6 per cent.

In addition to the inoculation performed during the year, the Veterinary Assistant Surgeons working in the mufassal visited 20,594 villages and treated 2,17,788 cases as against 18,494 villages visited and 2,37,252 cases treated in the previous year. It is satisfactory to notice that the cattle fairs and shows continued to be attended by the departmental officers who took the opportunity of delivering lectures on veterinary matters and of explaining to the people the modern methods of treatment of diseases and of the care, management and upkeep of cattle. This is essentially necessary for the development of veterinary knowledge among cultivators who are proverbially conservative.

During the year the Veterinary Vaccine Section was opened on a permanent basis replacing the temporary vaccine depôt. This section is equipped not only to make and supply goat tissue vaccine but has cold storage sufficient to carry a stock of other sera and vaccines for distribution to the districts. Arrangements for carrying out microscopic, cultural and biological tests also exist in this section. It has taken over the work of examination of slides and specimens from the districts, except for rabies work, and after diagnosis, distributes the appropriate sera or vaccines. It supplied goat tissue vaccine to Assam throughout the year and to Orissa also during the latter part of the year.

The thanks of Government are due to Mr. Kerr for the care and attention which he devoted to the administration of the department. Government also notice with pleasure the names of the officers of the department who did good work during the year.

Bengal Veterinary College.

Mr. A. D. MacGregor held charge of the office of the Principal, Bengal Veterinary College, during the year. The post of the Vice-Principal of the College was vacant till the 11th December 1936 when Captain J. M. Lahiri, M.R.C.V.S., F.Z.S. (London), Professor of Anatomy and Physiology, Bihar Veterinary College, was appointed to the post.

This institution continued to maintain its popularity and there was an increasing demand for admission into this college from places in and outside India. The number of students on the roll at the beginning of the session was 194 of whom 10 left during the season and of the remaining 184 students who continued throughout the year only 78 belonged to Bengal, the rest having come from other provinces.

The total number of stipends at the college in the year was 58 of which 24 stipends were granted by the district boards of Bengal. It is gratifying to note that the district boards are responding more and more to the departmental appeal regarding award of stipends to the students at the college. The results of the diploma and annual examinations of the year were satisfactory.

Government are pleased to record their appreciation of the work done by Mr. MacGregor. Thanks of Government are also due to the non-official members of the Committee of Management of the College for the kind co-operation and advice which they gave towards improvement of the institution.

H. S. E. STEVENS,
Secy. to the Govt. of Bengal.

In addition to the details required on the reverse clear informations are given below under the following heads:—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the district board has taken or has agreed to take to make good the deficiency.

(*a*) The loan will be repaid according to the instructions contained in Government letter No. 1148-52P.H., dated 24th March 1936. The average capital expenditure of the board upon water-supply for the triennium ending with 1936-37 was Rs. 66,900, 50 per cent. of which will amount to Rs. 33,450 which is sufficient for the purpose of this loan as well as further loan that will be taken in this connection in next two years up to at least two lakhs of rupees.

(*b*) Possible means of income in the revenue of this district board.

(*b*) Nil.

(*c*) A statement of all outstanding loans as well as the annual charges involved on their account.

(*viii*) Loan of Rs. 2,000 taken on the 10th August 1937 to be paid in 20 equal instalments of Rs. 120-13-6 each.

(*d*) Any explanation in regard to receipts and expenditure to show the true financial position of the board when such is otherwise than the ordinary surplus would indicate.

(*d*) Financial position of the board indicates ordinary and substantial surplus. In the ordinary expenditure much capital expenditure has been included which can be curtailed according to circumstances, the recurring liability and expenditure being rather small indicating sound financial position.

The Government contributions towards water-supply of which the district board will have the benefit every year, will also help much towards repayment of the loan with greater ease.

STATEMENT OF OBJECTS AND REASONS.

The Bengal Tenancy (Amendment) Act, 1928, has been viewed by the tenants of Bengal as the law for the landlords. There is a general cry for thorough overhauling of the Act with the least delay with a view to give the tenants immediate relief.

The object of this Bill is to abolish the system of *nazarana* and the right of pre-emption, to suspend the operation of the provision of enhancement of rent, to reduce the rent, to provide the criminal measure for illegal exaction, to make subdivision of tenancy and tenure and to mutate the name with a fee of Re. 1, to repeal the provision of certificate procedure and to repeal the provision by which the incumbrance on the occupancy-right was preserved, to enable the interested applicant to deposit the proportionate decretal money and to give better right to non-occupancy and under-*raiyats* and to exempt rent of diluviated lands.

It is hoped that these amendments, if accepted, will be of immense help to the *raiyats* of Bengal.

Resolution on the report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1936-37.

GOVERNMENT OF BENGAL.

Calcutta, the 11th January 1938

RESOLUTION—No. 602L.R.

Read—

The report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1936-37.

During the first part of the year the agricultural distress in West Bengal, and in the Sunderban tracts of Khulna and the 24-Parganas (to which reference was made in the report of the previous year) reached a climax, necessitating the declaration of scarcity in several districts. Large sums were expended in agricultural loans, test works and gratuitous relief. In the cold weather of 1936, this distress was relieved by a bumper crop of *aman* paddy, followed by a good *rabi* crop

In Eastern and Northern Bengal, there was no general distress but there was some damage to crops by flood in the districts of Malda, Rajshahi, Pabna, Bakarganj, Noakhali and Chittagong, and by a cyclonic storm in some villages of Tippera. On the whole, crops in 1936 were above the average.

In consequence of satisfactory harvest there was a slight general improvement in the material condition of the people towards the end of the year. This improvement was most noticeable in West Bengal, when a record crop followed two years of almost complete failure. In Eastern and Northern Bengal, the price of jute was well maintained, although, as usual, the cultivators had sold most of their crop before they could get the full benefit of the rise in price. The price of paddy in the Dacca, Chittagong and Rajshahi Divisions was slightly higher than the previous year. On the other hand, there was a slump in the price of sugarcane

The wages of both skilled and unskilled labour continued to be low. Middle class people with fixed incomes benefited by the cheapness of labour and of food, but the problem of middle class unemployment continued to be as acute as before.

2. The economic improvement was reflected in the increased collections in Government estates. Rupees 75½ lakhs of arrears and current rent were collected as against a total current demand of Rs. 71 lakhs. There was improved percentage of collection in temporarily-settled and permanently-settled estates also.

The current demand of land revenue was Rs. 3,12,06,462 and collections were 78·65 per cent. of the total and 103·95 per cent. of the current demand. The fact that there were only 1,506 sales as against 24,429 defaults indicated the leniency with which the Sale Law was administered.

3. A sum of Rs 1,44,589 representing 1·4 per cent. of the current demand was spent on agricultural, sanitary and miscellaneous improvements, while a sum of Rs. 1,11,252 representing 1½ per cent. on demand from Government estates was paid to the district boards of the province for the development of roads and communications in or leading to Government estates.

4. Agricultural demonstrations were carried out in the districts of Bankura, Midnapore, Hooghly, Nadia, Jessore, Darjeeling, Jalpaiguri, Bogra and Malda and in several districts of the Chittagong Division. In furtherance of the scheme to encourage Bhadralok youths to take to agriculture as a means of reducing unemployment, lands were allotted to the 7th batch of Bhadralok youths on the completion of their training in the Faridpur Agricultural Farm. In Bakarganj 20 Bhadralok colonists have built houses at Char Fasson and the settlement of land with them has been concluded.

The number of schools and of pupils attending them in Government estates increased by 27 and 12,463, respectively, during the year under review.

The year under report was the 30th year of the colonisation scheme of the Bakarganj Sunderbans. In the 24-Parganas Sunderbans (colonisation of which was in the twenty-second year) no new area was taken up for reclamation The total sums advanced by Government for reclamation in the 24-Parganas and Bakarganj Sunderbans and the total income derived from these areas up to the end of the year under report were Rs. 33,91,734 and Rs 50,62,203, respectively.

6. The general health of the people in the Bakarganj Sunderbans area was fair but malaria was prevalent particularly during the rainy season. There was no material improvement in their economic condition. The indebtedness of the cultivators and the ravages of insect-pests are grave problems in this area In the 24-Parganas, the health of the colonists was better than in the previous year, and crops were very good at the end of 1936.

7 *Loans under the Agriculturists Loans Act.*—A record sum of Rs. 36,82,566 was distributed owing to unprecedented distress in West Bengal The greatness of the economic recovery is shown by record collections in the latter part of the year (Rs 25,63,617). The free distribution of these loans was a great boon to the cultivators who showed their gratitude by prompt repayment immediately after harvest.

8. Relations between landlords and tenants were on the whole satisfactory, while in Government estates there was no ill-feeling between khasmahal tenants and the Government tahsildari establishments

9. Thanks of the Governor are due to the Board of Revenue for the efficient administration of the branches of work under the Board.

REPORT.

Election Petition No. 7 of 1937.

Before the Commissioners for the trial of election petitions.

In the matter of an election petition under Part III, paragraph 3 of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936,

And

In the matter of Maulvi Habibur Rahman Choudhury, son of Munshi Golam Nabi Choudhury of Bishnupur, Comilla, Tippera, Petitioner,

versus

Nawab Sir K. G. M. Faroqui, Kt., of Ratanpur, Comilla, Tippera, Opposite Party.

This is an election petition filed under paragraph 3 of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, hereinafter called "The Order", by Maulvi Habibur Rahman Chaudhury against Nawab Sir K. G. M. Faroqui of Ratanpur, Comilla, Tippera, in respect of certain corrupt practices alleged to have been committed by the respondent in connection with his election to the Bengal Legislative Assembly from the Tippera North Muhammadan Rural Constituency (police-stations Debidwar and Muradnagar), which was held in January 1937. The polling dates were the 19th and 20th January 1937, and the result of the poll was declared on the 25th January 1937. The respondent filed his return of election expenses on the 3rd February 1937, and this fact was notified in the *Calcutta Gazette* on the 25th March 1937.

The petition contained allegations to the effect that the respondent's election had been procured and its result had been materially affected by various corrupt practices which were specified in the petition. Some of the allegations with regard to corrupt practices were struck out at the preliminary hearings of this case either because they were considered to be vague or because sufficient particulars were not furnished. The most important of these allegations which remain for our consideration are as follows:—

(1) *Paragraph 6.*—In this paragraph it is alleged that—

(*i*) the respondent in order to induce electors to vote for him undertook to repair a mosque at Muradnagar and to complete a mosque at Panchpukuria;

(*ii*) he corruptly promised to pay Rs. 200 as a subscription to the Madrassa at Ghoiasal;

(*iii*) he promised some appointments to certain persons in order to secure votes for himself;

(2) Allegations of illegal treating at Debidwar and Muradnagar are made in paragraph 7 of the petition.

(3) In paragraph 8 it is alleged that the respondent exercised undue influence on voters by employing officers of the Co-operative department to act as canvassers on his behalf.

(4) Paragraph 9 of the petition alleges undue influence exercised on behalf of the respondent by Babu Bhupendra Chandra Ghose, the presiding officer at the Bangora polling station.

(5) Paragraph 9(B) of the petition contains an allegation of undue influence by reason of certain threats of injury to Saidur Rahman Akhand, whereby the respondent procured the signature of Saidur Rahman's father to a paper purporting to be a denunciation of the petitioner's canvasser, Azizur Rahman, brother of Saidur Rahman.

(6) Paragraph 10 relates to certain leaflets alleged to have been circulated by the respondent, which contained threats to voters of divine displeasure and spiritual censure. These leaflets are entitled "Moulana Saheber Ashal Katha" and "Formane Jamiate Ullemae, Bengal and Assam".

(7) Paragraph 11 relates to certain alleged false statements circulated with the connivance of the respondent and which are said to have materially affected the result of the election. The most important of these is a statement to the effect that Mr. A. K. Fazlul Huq supported the respondent's candidature against the petitioner.

(8) In paragraph 12 it is alleged that the respondent circulated a large number of posters, leaflets and circulars which do not bear on their face the name and address of the printer and publisher thereof.

(9) Paragraph 13 contains an allegation to the effect that the respondent's return of election expenses was false in material particulars.

(10) In paragraph 14 there is an allegation to the effect that Part E of the return of the respondent's election expenses is not in proper form.

The petition was filed on the 8th April 1937, and was published in the *Calcutta Gazette* on the 24th June 1937.

The respondent filed written statements on the 9th and 25th August 1937, in which he denied the allegations relating to the corrupt practices with which he had been charged, and raised certain points on which issues have been framed and which will be discussed subsequently.

Four preliminary hearings were held in Calcutta in connection with miscellaneous matters relating to the case and, thereafter, issues were framed on the 30th August and the 1st September 1937. The issues are as follows:—

1. Did the respondent offer or promise any gratification with the object of directly or indirectly inducing voters to vote for the respondent in the manner alleged in sub-paragraphs 6(*a*), 6(*c*), 6(*d*), 6(*e*) or in any one of those sub-paragraphs and the list of further particulars in connection therewith?

2. Did the respondent with a view to inducing voters to vote for him give feasts as alleged in paragraph 7(*a*) of the petition (particulars of which were furnished in the list of further particulars filed on the 27th July 1937), viz., on the 11th and 13th October 1936, or on either of those dates?

3. Are all or any of the allegations of official interference for the purpose of securing votes for the respondent by undue influence as alleged in the first part of paragraph 8(*5*) of the petition true?

4. Did Babu Bhupendra Chandra Ghose, while acting as the agent or on behalf of the respondent, directly or indirectly interfere with the free exercise of the electoral right of any elector in a manner alleged in paragraph 9 of the petition?

Did any such interference as alleged in paragraph 9 take place at all, and, if so, did it materially affect the result of the election?

5. Were the leaflets mentioned in paragraphs 10(*1*) and 10(*2*) or either of them published and circulated in the constituency? If so, were they circulated by or on behalf of the respondent or with his knowledge or connivance?

6. Do the statements referred to in paragraphs 11(*1*) to 11(*3*) and 11(*6*) to 11(*8*) and contained in the leaflets mentioned in the list of further particulars come within the purview of clause 5 of Part I of the First Schedule relating to corrupt practices and were such statements reasonably calculated to prejudice the prospects of the petitioner's election?

7. Did the respondent circulate or direct the circulation of all or any of the circulars, placards or posters mentioned in Part III of the petition and enumerated at page 1618 of the *Calcutta Gazette*, dated the 24th June 1937 (other than circulars Nos. 11, 16 and 18), and if so, did all or any of these documents bear the name and address of the printer and publisher thereof?

8. Were all or any of the expenses mentioned in paragraph 13 of the petition incurred by the respondent in connection with his election in this constituency, and, if so, have any such expenses been omitted from the return of election expenses? Is such return false in any material particular?

9. Were all or any of the corrupt practices, alleged in the petition, committed with the knowledge or connivance of the respondent?

10. Did the alleged corrupt practices or any of them alleged in the petition materially affect the result of the election?

11. Did the respondent file his return of election expenses (Part E) in proper form?

11(*a*). Did the respondent interfere with the electoral right of the petitioner by exercising undue influence in the manner, alleged

in paragraph 9 (*B*) of the petition and in the list of further particulars?

Did the alleged conduct of the respondent amount to undue influence?

12. To what relief, if any, is the petitioner entitled?

The petitioner opened his case in Calcutta on the 3rd September 1937, and the hearing continued in Calcutta until the 13th September 1937. At this stage, the Commissioners considered that it would be convenient to all the parties concerned that some witnesses should be examined at Chittagong. They, therefore, deputed the President to take evidence at Chittagong under the provisions of paragraph 32 of Part III of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, hereinafter called "The Rules". Thirteen hearings were held at Chittagong, and, on the 6th October 1937, the Tribunal resumed its session in Calcutta.

Notices were served upon Mr. Satish Mitter, the Director of Industries, and upon the respondent on the 22nd November and 2nd December 1937, respectively, under paragraph 10 of Part III of the Order calling upon them to show cause why their names should not be mentioned in the report in respect of certain corrupt practices which had not been alleged in the petition. They duly showed cause on the 15th December 1937.

Forty-two witnesses were examined for the petitioner, and 13 for the respondent. In addition 11 Court witnesses were examined.

Arguments began on 1st December and were concluded on the 16th December 1937. Owing to the nature of the allegations and the position of the parties concerned the case was very hotly contested throughout.

The first issue relates to certain allegations contained in paragraph 6 of the petition to the effect that the respondent, in order to induce the electors to vote for him, promised (1) to repair a mosque at Muradnagar, (2) to complete the mosque at Panchpukuria, (3) to subscribe Rs. 200 to the Madrassa at Ghorasal, and (4) to provide certain persons with appointments. With regard to the last of these allegations no evidence has been adduced on behalf of the petitioner, so this particular charge fails.

According to Bux Ali (P. W. 24), the promise to repair the Muradnagar mosque was made at a meeting held at Muradnagar some months before the election and it appears from his evidence that he is referring to the meeting that was held at that place on the 13th October, 1936. He testifies to the effect that Nawab Faroqui made a statement that he would repair the Muradnagar mosque if the people of the locality voted for him but he was unable to give a clear account of the circumstances in which this statement was made.

There is a similar statement in the evidence of Jafar Ali (P. W. 25) who said that, after Nawab Faroqui had finished his speech, a man in the audience stood up and said that if he would repair the mosque the people of the locality would vote for him. Thereupon, the Nawab promised to do so.

The evidence of Sikandar Ali (P. W. 26) is to the same effect but he states that, when it was suggested to Nawab Faroqui that he should repair the Muradnagar mosque, the latter said "It is a pious work. I must do it. Please all of you vote for me."

As regards the Panchpukuria mosque the evidence is that the promise was made at a meeting at Panchpukuria 10 or 12 days before the election. In connection with this incident Bux Ali (P. W. 24) stated that, although the Nawab was approached by the Khadim of the mosque, he refused to pay any subscription but stated that he would complete the building. The evidence of Sikandar Ali (P. W. 26) is to the same effect but he added that the Nawab's promise to complete the mosque was followed by a request to those present to vote for him.

Haji Aftabuddin (P. W. 38) who, according to some of the witnesses, was the first person to approach the Nawab in this matter stated that the respondent promised to repair the mosque but the witness seemed to acquiesce in the suggestion that the Nawab said that as he had come in connection with the election he was unable to help them at that time.

Abdul Jalil, the Imam of the Panchpukuria mosque, was examined on behalf of the respondent. He stated that the Nawab was approached for help by the second Maulvi of the Gumti Madrassa. The respondent

explained, however, that he was unable to give them any help on that occasion as he had come in order to secure votes.

As regards the Ghorasal incident, Abdul Gani states that the respondent went to Ghorasal with Imanuddin Nuri on a Friday immediately before the election. He there made a speech and asked the people to vote for him After the speech he was asked to subscribe to the Madrassa, and he agreed to subscribe Rs. 200 at a later date as there was some difficulty in the matter at that particular time.

Montazuddi (P. W. 32) also testifies to the effect that the respondent was approached for a subscription but from the evidence of this witness it appears to be doubtful whether the Nawab could have made any definite promise as he explained that he was not in a position to give any subscription as he had come in order to canvass for votes

Sikandar Ali (P. W. 33) also says that the Nawab stated that he was unable to help at that particular time and the evidence of Sarafulla (P. W. 34) is very much to the same effect. Ashabulla (P. W. 35), on the other hand, stated the respondent said that he would have paid a subscription to the madrassa but he had no money with him at the time

After a careful consideration of the evidence relating to these incidents we think that the respondent was asked by people of the locality for help in connection with the two mosques and the madrassa but we do not think it has been established that he offered or promised any assistance pecuniary or otherwise in consideration of any promise that the people of the locality would vote for him. On the other hand, we think that it is highly probable that he explained to them that it would be improper for him to make any such bargain during the course of his election campaign.

This issue must accordingly be decided in favour of the respondent.

The second issue relates to some feasts which are alleged to have been given by the respondent at Debidwar and Muradnagar respectively on the 11th and 13th October 1936, for the purpose of inducing voters to vote for him. There is no doubt that meetings were held at these places on the two dates mentioned in the petition and that a number of people who attended these meetings were provided with refreshments. The evidence indicates, however, that the meetings were held primarily in connection with rural reconstruction work. The Nawab attended both meetings and there is evidence to the effect that he had announced his intention to stand as a candidate for the Debidwar-Muradnagar constituency before the meetings were held. It is clear that, besides speeches in connection with rural development questions, electioneering speeches were also made at these meetings on behalf of the respondent who appears to have used both occasions as a suitable opportunity for nursing his constituency However, with regard to the main question at issue, viz., whether or not the respondent actually paid for these feasts, the evidence is conflicting.

The invitations to these two meetings were issued under the signature of Abedur Reza Choudhury, the Chairman of the Comilla District Board. He discussed the question with the respondent in September 1936 as to whether such meetings should be held, and it appears from his evidence that it was the respondent who suggested that the meetings should be convened The Chairman also understood that it was the intention of the respondent to take advantage of the occasion in order to say something about his candidature at the ensuing election. At this conversation the respondent asked for the advice of Abedur Reza Chaudhury as to whether any arrangements should be made to provide refreshments at the meetings, but the latter advised that no such arrangements should be made. A similar question was again raised at a subsequent conversation between Abedur Reza Chaudhury and Abdul Alim, a pleader of Comilla, and the Chairman again repeated his advice that no feast should be given. It is, however, clear from the testimony of Abedur Reza Chaudhury himself and other witnesses who were examined in the case that certain arrangements were made both at Debidwar and at Muradnagar for feeding some of the people who attended the meeting.

On the side of the petitioner an attempt has been made to prove that the arrangements for the feasts were made either by the respondent himself or by his agents. For instance, Altab Ali (P. W. 8) states that he saw some preliminary arrangements being made in the Nawab's house at Comilla but he seemed to have no personal knowledge on the point whether any provisions were actually sent from the respondent's house to the places at which the feasts were actually held,

Further, a shop-keeper, Bipin Chandra Saha (P. W. 42), was examined in an attempt to prove that some of the goods supplied in connection with the feasts were purchased on behalf of the respondent. This man admitted, however, that he had no direct dealings with the respondent himself, and his evidence is quite inconclusive on the question whether the goods mentioned in his deposition were supplied in connection with the feasts.

Other witnesses who were present at these functions quote some somewhat apologetic speeches said to have been made by the respondent both at Debidwar and Muradnagar, in which they mention the exact words in which the Nawab told his audience that it was he who had provided refreshments for them. This evidence appears to us to be unconvincing. There is nothing to show that these people recorded any notes of the speeches at the time that they were made, and it appears to us to be most unlikely that without such notes they would be able to remember the exact words used by the respondent more than a year after the speeches had been delivered. Khan Bahadur Abdul Karim, who was present at the Muradnagar meeting, is quite certain that the respondent never mentioned the fact that he had provided food for the people who attended the meeting and we see no reason why the Khan Bahadur's testimony should not be accepted on this point.

Abdul Alim has stated that the Nawab told him that he had spent Rs. 1,500 on the feasts but we have some hesitation in accepting this testimony without further corroboration, as it is quite possible that the witness may have misunderstood what the Nawab said. For instance, it is quite possible that the Nawab may have said that he supposed that the total cost of the feasts was Rs. 1,500 and the witness may have understood that the Nawab meant that he had paid the whole of this amount. The circumstances in which the conversation took place were such that a mistake of this kind might have been quite possible.

On the other hand, there are indications in the evidence in support of the respondent's contention that the costs of the feasts at Debidwar and Muradnagar were defrayed by public subscription. The impression received by Abedur Reza Choudhury (P. W. 29) from a conversation which he had with the Nawab with regard to the matter was that the expenses were met from a fund to which both the Nawab himself and also other members of the public subscribed.

Khan Bahadur Abdul Karim's view was also to the effect that the expenses were defrayed by public subscription and positive evidence that subscriptions were actually raised in connection with these meetings has been given by Golam Hossain Sarkar and certain other witnesses on behalf of the respondent.

In this connection, it is significant that, according to the evidence of Abedur Reza Choudhury, certain persons appeared at the Debidwar meeting and distributed leaflets in which it was stated that the respondent was paying for the feast. The Nawab promptly denied this allegation.

After careful consideration we are of opinion that it has not been proved that the respondent gave the feasts at Debidwar and Muradnagar, nor has it been established that these feasts were arranged for the purpose of inducing the electors of the constituency to vote for the Nawab.

Issue No. 3 relates to the first part of paragraph 8(5) of the petition in which it is alleged that the respondent, who at the time of the election was Minister in charge of the Co-operative Department, exercised undue influence on the voters, many of whom were members of Co-operative Societies by employing certain officers of the department as canvassers on his behalf. The names of 12 such officers are mentioned in the petition including that of Abdul Hye, who from September 1933 has been employed as Co-operative Inspector in charge of the Comilla Sadar North Subdivision which includes the Debidwar and Muradnagar thanas. The allegation has been denied by the respondent who, as far as Abdul Hye is concerned maintains that the employment of this officer would have prejudiced his interests in the election campaign, as Abdul Hye was unpopular on account of his strictness in realising debts due to the various societies within his jurisdiction.

The evidence with regard to this allegation may be summarized as follows:—

Habibur Rahman, the petitioner, states that Kazi Shamsuddin, a Co-operative Auditor at Debidwar, worked for the respondent and he saw him talking to voters at Companyganj on the first polling day.

Safaruddin (P. W. 6), who was the petitioner's polling agent at Bangora, mentions three officers of the Co-operative Department as having canvassed for the respondent at Bangora on the first polling day viz., Abdus Sattar, Makbul Ahmad and Mazharal Huda. It was on this day that Abdul Malek, the Secretary of the Tippera Krishak Samiti, was arrested in connection with the defamation case which had been instituted by the respondent on the 16th January, and the evidence of Safaruddin is to the effect that, after the arrest had been made, the respondent and certain officers of the Co-operative Department who were present at the time threatened the voters that they would share Abdul Malek's fate unless they voted for the Nawab. The names of the particular officers who uttered these threats have not been mentioned by Safaruddin but his testimony is of considerable importance on another point, viz., that two of these officers, Abdus Sattar and Mazharul Huda, were among the persons who circulated certain leaflets (Exs. 3, 4, 8 to 24) on behalf of the respondent, and he particularly mentions Ex. 3 as having been circulated on both the polling days within the enclosure. He also states that Abdus Sattar, Makbul Ahmad and Mazharul Huda visited his house in order to canvass for the respondent and he testifies to the effect that they canvassed for the Nawab at various other places within the constituency. He also mentions Abdul Hye as having canvassed vigorously for the respondent.

Golamuddin (P. W. 9) mentions Hossain Ali and Abdul Hye, who are both officers of the Co-operative Department, as having canvassed for the respondent during the course of his election campaign.

Abdul Alim (P. W. 15) says he saw two officers of the Co-operative Department canvassing at Akubpur.

Hafizul Islam (P. W. 21) mentions two officers of the Co-operative Department, viz., Aminuddin and Kazi Shamsuddin who, together with certain other people, distributed some leaflets at a meeting held on behalf of the respondent at Bailghar on the 15th January. These leaflets included Ex. 3.

A similar meeting was held the following day at Dhalpa. The respondent himself attended this meeting with Abdus Salam, Khan Saheb Raziuddin Ali and Abdul Hye, and they brought with them a bundle of leaflets which they distributed among the people who were present. Shamsuddin of the Co-operative Department was one of the people through whom the distribution was effected, and one of the leaflets which was distributed on this occasion was Ex. 3.

Sikandar Ali (P. W. 26) states that Abdul Hye ordered him to vote for the respondent and he also mentions Shamsur Rahman, another officer of the department, as having canvassed on behalf of the Nawab.

Abdul Malek (P. W. 40) testifies to the effect that certain officers of Government, especially officers attached to the Co-operative Department, canvassed for the respondent and, in particular, he mentions Abdul Hye and Shamsuddin as having canvassed for the Nawab. As regards Abdul Hye, he mentions an altercation which he had with this officer. The witness states that he was addressing some people on behalf of Habibur Rahman when Abdul Hye intervened and asked them to vote for the respondent. An altercation ensued and Abdul Hye threatened that he would teach Abdul Malek a lesson.

In connection with the respondent's case that his interests would have been prejudiced by employing Abdul Hye it is significant that Abdul Salem (R. W. 10), one of the Nawab's own witnesses, stated that Abdul Hye, far from being unpopular as alleged by the respondent, was actually quite popular with the members of the Co-operative Societies and Banks in the district.

Abdul Hye has been examined as a Court witness, and, although he denies the allegation that he and other officers of the Co-operative Department worked on behalf of the respondent in connection with the election, we attach no importance to this denial. The demeanour of this witness was unsatisfactory, and he gave us the impression that he was endeavouring to conceal from the Tribunal the nature of his activities on behalf of the respondent at the time of the election.

Abdul Hye admitted that the Co-operative movement has made considerable progress in the Tippera district and that there are about *104* societies in the Debidwar thana and *103* in the Muradnagar thana. The average number of members in each society at the time of the election would have been about 30, all of whom would have been voters in the normal course of events. The total number of votes cast in this constituency at the time of the election was only 12,726, and it

seems to be clear that a considerable proportion of the persons who recorded these votes must have been members of Co-operative Societies. It follows, therefore, that officers of the Co-operative Department, especially persons like Abdul Hye whose duty it was to inspect the societies and to advise them as to the taking of suitable steps for the purpose of realising their dues, were in a powerful position of authority and, if they chose to exercise their influence on behalf of a particular candidate, they might easily turn the scale in favour of the candidate whom they happened to be supporting.

The respondent himself denies the allegation that he utilized the services of any officer of the Co-operative Department in his election campaign but we are clearly of opinion that in this matter his denial cannot be accepted. His lack of scruple in connection with the employment of Government officials in his election campaign is illustrated by the manner in which he used Mr. Mitter, the Deputy Director of Industries, as a sort of unofficial election agent in the districts of Tippera and the 24-Parganas. We will deal elsewhere in detail with the question of the Nawab's relations with Mr. Mitter but we merely refer to the subject at this stage for the purpose of illustrating the attitude of the Nawab with reference to the employment of Government officials for electioneering purposes. According to the testimony of Mr. Mitter there were other Government officials in important positions who were working on behalf of the Nawab more particularly in connection with his Diamond Harbour campaign. In particular, he mentions Khan Bahadur Arshad Ali, the Registrar of Co-operative Credit Societies, Mr. Nirendranath Bose, the Superintendent of the Milk Union and Babu Mukul Gupta, an official of the Department of Industries. He also testifies to the effect that the Nawab made use of the services of a large number of Inspectors of the Co-operative Department, whose names he has forgotten.

We think that it has been clearly established by the evidence that the respondent abused his position as a Minister by employing many officials of departments in his charge for electioneering purposes. With regard to the employment of such officers in the Debidwar-Muradnagar constituency, the evidence is particularly convincing in respect of Abdul Hye, and we have no reason to doubt that this officer and certain other officers of the Co-operative Department canvassed actively on behalf of the respondent in this constituency.

It has, however, been argued with considerable force by Mr. S. N. Banerji that, even if it be admitted that these persons canvassed on behalf of the respondent, such canvassing does not amount to undue influence within the meaning of paragraph 2 of Part I of the First Schedule relating to Corrupt Practices.

The expression "to canvass" has been aptly defined in Parker's "Election Agent and Returning Officer" (3rd ed. p. 130) as meaning "to solicit votes or interest to obtain an office or position" and the same author defines a canvasser as "one who solicits votes or goes about to make interest; one who solicits or persuades or attempts to persuade any person to vote or to abstain from voting". According to the allegation contained in paragraph 8(*5*) of the petition, read in the light of the particulars which have been furnished with reference thereto, we are primarily concerned with the activities of Government officials as canvassers within the restricted meaning of this definition. There is, of course, some evidence that these persons, besides acting as canvassers within the ordinary meaning of the term, took some part in the distribution of certain leaflets containing threats of divine displeasure or spiritual censure. This evidence will be separately considered in relation to the fifth issue but, in connection with Issue No. 3, we propose to limit ourselves to the consideration of the general question raised on the pleadings as to whether or not the mere employment of Government officers as such to canvass on behalf of a candidate amounts to undue influence. There is certainly strong evidence that we are prepared to accept that the respondent employed Abdul Hye and other officials of the Co-operative Department as his canvassers, and Mr. Das Gupta on behalf of the petitioner argues that, as these persons were in a position of authority with reference to many of the voters in the constituency, merely to employ them as canvassers amounts to undue influence within the meaning of paragraph 2 of Part I of the Corrupt Practices Schedule.

We will for the purposes of this discussion restrict our consideration for the moment to the case of Abdul Hye against whom the evidence is stronger than in the case of the other officials mentioned in paragraph 8(*5*) of the petition. This man in his position as Inspector was certainly in a position of authority by virtue of which

he might by using his influence in favour of the respondent materially affect the result of the election. Further, by canvassing on the Nawab's behalf he was guilty of indiscipline by violating the provisions of paragraph 23(2) of the Government Servants Conduct Rules, which reads as follows:—

"*Rule 23(2).*—A whole-time Government servant shall not canvass or otherwise interfere or use his influence in connection with or take part in, any election to a legislative body whether in India or elsewhere,

provided that a Government servant who is qualified to vote at such election may exercise his right to vote, but if he does so, shall give no indication of the manner in which he proposes to vote or has voted."

The question for our consideration, however, is whether the influence which Abdul Hye exercised amounted to undue influence within the meaning of paragraph 2 of Part I of the Corrupt Practices Schedule. There can be no doubt that the respondent utilized the services of Abdul Hye as a canvasser on his behalf and we can only regard the Nawab's conduct in this respect as reprehensible in the highest degree. Further, in the sense that Abdul Hye acted improperly in canvassing for votes, the influence which he may have exercised on voters may be said to have been undue. But, in order that undue influence may be established in its legal signification it is necessary that there should be some direct or indirect interference or attempt to interfere with the *free exercise* of any electoral right. In other words, the influence which is exercised must be accompanied by some element of coercion or some attempt or threat to coerce the free will of the person who is entitled to exercise the electoral right in question. This appears in substance to have been the view taken by the learned Commissioners in the *Farrukhabad* case (H. I. E. P., p. 351) and with their observations on the subject of undue influence we are in general agreement. Mere canvassing unaccompanied by any such element of coercion leaves the free will of the voter unfettered, and, although we consider the conduct of a Government officer who canvasses on behalf of a candidate as highly improper and as detrimental to the interests of the department in which he may be employed, we cannot regard his conduct in this respect as violating the express provisions of the law.

A Government official who, even at the request of a Minister, canvasses on behalf of a candidate or who otherwise uses his influence in connection with an election of course renders himself liable to severe departmental penalties. If he is requested to act in violation of the Government Servants Conduct Rules and complies with such a request he should understand that he does so at his own risk and it is for Government to make it clear, in such manner as they may consider suitable, that an official who refuses to allow himself to be exploited to serve the private interests of a candidate, however highly placed that candidate may be, will receive adequate protection. We wish to add that from the disclosures which have been made in this case we doubt whether the law as it stands with regard to the employment of Government officials by candidates in connection with elections is suitable to present conditions in India, and we hope that in due course its provisions may be made more stringent in this respect.

Our decision, therefore, with regard to the third issue is that, although it has been definitely established that the respondent used Abdul Hye, a Co-operative Inspector, as his canvasser, and, although the evidence indicates that other officials of the Co-operative Department were used by him in a similar capacity, the Nawab's conduct in this respect although highly improper does not amount to undue influence within the meaning of paragraph 2 of Part I of the Corrupt Practices Schedule.

The fourth issue relates to certain alleged instances of undue influence exercised by Babu Bhupendra Chandra Ghose, the presiding officer at Bangora on the polling dates.

At the outset we may say that we regard the selection of Babu Bhupendra Chandra Ghose to be presiding officer at a polling station in connection with the election as singularly unfortunate. It is abundantly clear that this man was a strong partisan on the side of the respondent. Certain witnesses whose testimony we are prepared to accept state that he actually canvassed on behalf of the respondent. He also wrote what can only be regarded as an enthusiastic electioneering pamphlet in favour of the respondent. This pamphlet is entitled

"Banga Gourab Karmabir Nawab Sir Mohiuddi Faroqui". He maintained that it was written primarily for the use of school boys but it is obvious from its contents that the public to whom it was addressed consisted of voters whose sympathy the author sought to enlist in support of Nawab Faroqui in connection with the last general election. This book was written in December 1936, when the respondent's election campaign was in progress and there is evidence to the effect that copies of it were circulated among the electors, although such circulation seems to have been effected at the cost of Babu Bhupendra Chandra Ghose himself.

It is obvious that the selection of such a man as presiding officer at a polling station would attract criticism. This is what actually happened and a number of witnesses have been put forward to testify with regard to certain allegation of interference by Babu Bhupendra Ch. Ghose with the free exercise of their electoral rights. The evidence of those persons may be briefly summarized as follows:—

Ahad Ali (P. W. 13) states that, when he went to record his vote, the presiding officer snatched the voting paper away from him and placed it in the respondent's ballot box. The testimony of this man contains several contradictions, and we do not attach any importance to it.

Evidence of a similar character has been given by Sultan Mia (P. W. 12). The testimony of this witness is very unconvincing as he stated that nobody was present in the presiding officer's room at the time when the incident occurred. It is, however, clear from the other evidence on the record that the minimum number of people present in the room while the voting was in progress could hardly have been less than 12 or 14.

Asrof Ali (P. W. 14) states that the presiding officer scratched his hand in the process of trying to make him place his voting paper in the respondent's ballot box but was unable to give a clear account of what actually happened. He too states that he and the presiding officer were alone in the room at the time when the incident occurred. We do not attach any importance to the testimony of this witness.

Afazuddin (P. W. 11) states that Bhupendra Chandra Ghose asked him to vote for the respondent instead of Habibur Rahman. The demeanour of this witness was unsatisfactory and he appeared to know nothing about the incidents with regard to which he had been called to give evidence. The evidence of Keramat Ali (P. W. 16) who spoke to a similar incident was equally unconvincing.

Kamal Khan (P. W. 22) states that he was rebuked by the presiding officer because he recorded his vote in favour of Habibur Rahman. He admits that many other people were present when the incident took place, and we have grave doubts whether his account of the occurrence can be regarded as reliable.

Similar testimony was given by Sundar Ali (P. W. 20) who states that the presiding officer actually threatened to beat him because he voted for Habibur Rahman. He states that Safaruddin witnessed this incident but the latter does not mention this fact in his evidence. We are not prepared to believe Sundar Ali.

We also attach no importance to the evidence of Syed Ali (P. W. 19) who states that he made a complaint to Safaruddin regarding a similar incident. Safaruddin in his evidence makes no mention of any such complaint, nor does he corroborate Abdul Huq (P. W. 18) with regard to another alleged incident of this nature.

The general impression that we have received from this evidence is that the significance of the alleged incidents has been greatly exaggerated by the witnesses who deposed to them. We are prepared to accept the testimony of Safaruddin (P. W. 6) to the effect that a petition was submitted to the presiding officer with regard to certain irregularities which occurred on the polling dates. His testimony on this point has been corroborated by the evidence of Abani Mohan Mozumdar (P. W. 28) who acted as the respondent's polling agent at Bangora at the time of the election. This witness stated that, although Safaruddin objected to the presiding officer going into the voting compartment with certain voters he did not attach any importance to these objections. He did not notice that the voters themselves raised any objection to their treatment by the presiding officer and he did not consider that they would have had any reasonable cause

for complaint. Unfortunately, the petition which was submitted to the presiding officer is not forthcoming but, in view of the unreliable testimony which has been given with regard to the alleged instances of undue influence on the part of Babu Bhupendra Chandra Ghose at the Bangora polling station, we must hold that the petitioner has failed to prove his case on this point.

As regards the allegation to the effect that Babu Bhupendra Chandra Ghose allowed the respondent to make a speech within the enclosure on the 19th January, in which he threatened the voters that they would share the fate of Abdul Malek unless they voted for him we do not consider that the evidence on this point is sufficiently convincing. It is admitted that the respondent actually visited the Bangora centre on the 19th January but we do not think it has been established that he made any threatening speech on this occasion.

In view of what we have stated above this issue must be decided in favour of the respondent. We must, however, observe that it is highly undesirable that a person like Bhupendra Chandra Ghose, who is obviously a strong partisan in favour of a particular candidate, should be appointed to act as a presiding officer at a polling station in that candidate's election, and we hope that Government will issue instructions to avoid the employment of such persons in this capacity in connection with future elections.

Issue No. 5 relates to the leaflets entitled respectively "Moulana Saheber Ashal Katha" (Ex. 3) and "Formane Jamiate Ulemae Bengal and Assam" (Ex. 4). These two leaflets are in the vernacular and have been reproduced in the original in the annexure to this issue. It is contended that these two leaflets were circulated by or on behalf of the respondent or with his knowledge or connivance, and that they contained passages threatening voters with divine displeasure and spiritual censure if they voted for the petitioner.

In the first place, it was argued by Mr. Banerji in connection with this issue that, having regard to the language of paragraph 10 of the petition, it must be proved that the Moulanas mentioned in the pamphlets were persons actually in existence. We do not consider, however, that there is any substance in this contention. Paragraph 10 of the petition refers to "circulars purporting to embody the opinion of Moulanas". Ex. 3 does, in fact, purport to embody the opinion of such a person, and the mere fact that he appears to be fictitious is of no consequence having regard to the nature of the pamphlet itself. In Ex. 4, on the other hand, the Moulanas who are mentioned therein were admittedly real persons, and the leaflet itself is signed by persons, one of whom is a Moulana. The words "of the electors" qualify the expression "spiritual guides", and were probably meant to refer specifically to Ex. 4 with regard to which there is clear evidence that at least one of the persons mentioned therein had considerable spiritual influence over the electors of the constituency. This point must, therefore, be decided against the respondent.

On the face of it, Ex. 3 (Moulana Saheber Ashal Katha) is an electioneering pamphlet on behalf of the respondent. It takes the form of a debate in which a certain Moulana and a man who is described as Pancha's father take the most prominent part. It describes Asrafuddin, Abdul Malek and Habibur Rahman in derogatory terms as members of the Congress party and as infidels, and suggests that anybody who voted for such persons would be unfit for heaven. It concludes by describing Nawab Furoqui as being an eminently suitable candidate in every respect and by asking voters to vote for him. The pamphlet purports to have been published by a man named Taru Mia and printed by him at the Comilla Nazeria Press.

The case for the respondent with regard to this pamphlet is that it was never circulated on his behalf or with his authority, and it is urged that it was actually written by Taru Mia against Habibur Rahman and Ashrafuddin at a time when Taru Mia was supporting Osimuddin and Kamini Dutt. It is suggested in fact that there had been a split in the Tippera Krishak Samiti, and that this particular circular was written in connection with a controversy which subsequently ensued.

Taru Mia was examined as a witness for the petitioner. He denied that he was the author of the pamphlet, Ex. 3, and he expressed considerable indignation that his name should have appeared as its author. He said that he found that the pamphlet was being circulated

by a man of Nawab Faroqui's party, whose name he cannot remember. He had no suitable opportunity to issue a disclaimer before the election, and did not do so afterwards as he was disinclined to spend money for this purpose. He made enquiries from the Nazeria Press, but he was unable to get any satisfactory explanation regarding the authorship of the pamphlet. In cross-examination Taru Mia stated that there had been a split in the Congress camp with regard to the candidature of Kamini Babu and Dhirendra Babu, and he admitted that he supported Kamini Babu up to the time when Dhirendra Babu obtained the Congress nomination. It was, however, never suggested to him that he wrote this pamphlet against Habibur Rahman and Asrafuddin because he happened to be supporting Osimuddin in connection with this controversy. Indeed if, in fact, Ex. 3 had been written in connection with any split in the Tippera Krishak Samiti it is difficult to understand why it should have been at all necessary to ask electors to record their votes for Nawab Faroqui who was one of the candidates who opposed Osimuddin in the Chandina-Kotwali constituency. The evidence with regard to the respondent's connection with this pamphlet will be discussed by us further when we deal with the seventh issue. We find on the evidence that Taru Mia was not the real publisher of this leaflet, and, although the identity of the person who actually published it remains obscure, there is no doubt that it was issued and circulated to voters on behalf of the respondent and with his connivance.

The nature of Ex. 3 will be apparent from the following extracts from this pamphlet:—

"*Moulana Saheb*: It has become necessary for me to say a few words. It is my duty to keep you informed not only in order to save Islam but also ourselves, our descendants and neighbours from hell fire, otherwise many families like that of Pancha's father will be ruined . . . the Hindus held a meeting with Ashraf Mia . . . and then with some khaddar wearing Muslims of Ashraf Mia's party they founded an association and named it the Krishak Proja Samiti . . . in order to destroy the faith of the Muslims and the claims of that community and to cut the throats of their Muslim brethren. Alas! these wretches are the enemies of Muslims and faithful Muslims should shun them . . . Those who harm Muslims or Islam do not remain Muslims. They become kafirs. Alim Fazil Moulana Hazarat Hossain Ahmed Madni (renowned throughout India) Moulana Shah Sufi Abu Bakr, Moulana Mufti Kafayetullah and other learned Moulanas are making it known that the members of the Krishak Samiti are the enemies of Muslims. They have published a big fatwa asking you not to listen to them and to act according to their instructions. That fatwa is signed and sealed by them. If you do not obey them you will fare badly in both worlds.

Pancha's father: Moulana Saheb, after listening to what you have said I have become giddy . . . God has kept you alive, otherwise we would have gone to our graves as kafirs.

Doctor: This time Habibur Rahman, the Secretary of the Congress, is a candidate for votes. Why is he unable to defray his family expenses by his profession? . . . . Ashraf Mia and his commander-in-chief, Malek Mia, are introducing these men as Krishak Samiti candidates . . . This Habib Mia the other day published a notice in which he said that he was a Congress man and obeyed the rules and regulations of the Congress. The Hindu managed Congress is the deadliest enemy of the Muslims. You must not vote for Krishak Proja Samiti candidates who are "benamdars" of the Congress . . .

Pancha's father: I will never give my vote to the hangers on of Congress. If I do so heaven will be prohibited to me . . . Moulana Saheb, for whom shall I vote?

Moulana Saheb: I have already told you to give your vote to a worker; of the candidates from this district ten will become members and amongst these Nawab Faroqui, alias Suba Mia Saheb, is the fittest of them all . . . I ask you to vote for him. He is one of the real Muslims of the Muslim party. He is a real benefactor of the tenants and for that reason he accepted the Ministry of Agriculture."

From the above extracts it is clear that the pamphlet contains a direct threat that persons who voted for the petitioner would not go to heaven, and in our opinion this threat is sufficient to bring the

pamphlet within the purview of paragraph 2 of Part I of the Schedule of Corrupt Practices.

The pamphlet Ex. 4 has obviously been drafted very cleverly and with great care. It states that certain well-known Moulanas, namely, Hazrat Moulana Hossain Ahmed Madni, Hazrat Moulana Shah Sufi Abu Bakr Siddequi and Hazrat Moulana Mufti Kafayetullah had issued instructions to Moulana Imanuddin Nuri, Choudhury Moulana Shamsul Huda Sulpuri and Moulvi Muhammad Abdul Hakim in order to ensure the safe return of the candidates who were standing on behalf of the Muslim League Parliamentary Board and to deliver lectures for this purpose in the Tippera district. The pamphlet concludes by exhorting persons to whom it is addressed to remember that the path which is followed by the spiritual leaders and guides of Bengal and India is the only true path for the realisation of the truth of Islam and its prosperity and it warns them that any action against this injunction will be regarded as against religion and as against the Shariat. The pamphlet purports to have been signed by Moulana Hafiz Sagir Muhammad and Hafiz Abdus Sobhan.

The case for the respondent with regard to Ex. 4 is that it was a leaflet issued by the Muslim League and that neither he nor his agents had any connection with it whatsoever. His case is, however, negatived by the evidence regarding the origin of this particular pamphlet.

Abdul Alim (P. W. 15), a pleader practising at Comilla, has testified to the effect that it was he who drafted this pamphlet at Nawab Faroqui's house with the assistance of Harendra Chakrabarti and Fariduddin. Harendra Chakrabarti was the Nawab's estate pleader while Abdul Alim and Fariduddin appear to have been active helpers of the Nawab at the time of the election and in this matter they seem to have acted as the respondent's agents. Similarly, it was another such agent, Sona Mia, who requested one of the signatories of Ex. 4, Abdus Sobhan, who was examined on behalf of the respondent, to sign this document. Finally, it was Sona Mia who, according to the testimony of Hasan Beg (R. W. 12), on the 7th January 1937, ordered 2,000 copies of this pamphlet to be printed at the Nazeria Press. The pamphlet was duly issued and circulated on behalf of the respondent.

Abdus Sobhan in his evidence states that the three Moulanas mentioned at the beginning of Ex. 4 supported the Muslim League, but it is partly on this account that a pamphlet such as Ex. 4 would be likely to influence voters unduly by appealing to their religious feelings. It must be remembered that the respondent himself was admittedly standing as a Muslim League candidate from the Debidwar-Muradnagar constituency, and that a number of well-known Moulvis were lecturing and canvassing on his behalf. Such persons were Moulanas Imanuddin Nuri, Shamsul Huda Sulpuri and Moulvi Abdul Hakim, the editor of the Hanafi, all of whom are expressly mentioned in Ex. 4. There is clear evidence with regard to the activities of these people. For instance, the respondent's own witness, Golam Hossain Sarkar, stated that Imanuddin Nuri and Abdul Hakim addressed an election meeting which was held on behalf of the Nawab at Debidwar about ten days before the election. There is further evidence to the effect that Imanuddin Nuri supported the respondent at similar meetings which were held at Panchpukuria and at Ghorasal and that at one of these meetings Ex. 4 was actually distributed on behalf of the Nawab.

It is also in evidence that an election appeal (Ex. R.) in support of the Muslim League was actually issued in the names of Moulana Hossain Ahmed Madni, Moulana Shah Sufi Abu Bakr Siddequi and Mufti Kafayetullah. It was probably well-known in the constituency that some such appeal had been issued and it may have been on this account that a reference to a fatwa issued by these persons appears both in Ex. 3 and in Ex. 4. In this connection, it is admitted that as many as 40,000 copies of Ex. R were printed at the Basumati Press and were sent to the respondent through Mr. Mitter. The Nawab states that these leaflets were not intended for circulation in his Debidwar-Muradnagar constituency, but the fact remains that, even if they were distributed in the neighbouring constituencies, it must have come to the notice of the voters in the Debidwar-Muradnagar constituency that such an appeal had been issued by three Moulanas of repute, at least one of whom, viz., Moulana Shah Sufi Abu Bakr is admitted by the respondent to have had great influence in Tippera district. In

this connection, the Nawab himself admits that he utilized in the Debidwar-Muradnagar constituency an appeal (Ex. 17) which was issued on his behalf by Shah Sufi Abu Bakr Siddequi.

All these facts must have been well-known to voters in the Debidwar-Muradnagar constituency and, if the leaflet (Ex. 4) be read as a whole, it is impossible to escape from the conclusion that the respondent and his agents intended to make capital for the purpose of the election campaign by distorting the facts. The impression which it was apparently the intention of Ex. 4 to create was that certain Moulvis who were known to be active helpers of the respondent were actually working under the instructions of the Moulanas who had issued Ex. R and Ex. 17 and that failure to vote for the respondent at the request of these Moulvis would amount to violation of the true principles of religion.

In connection with this particular pamphlet, one of the main questions for our consideration is whether the concluding words of the pamphlets are sufficient to bring it within the mischief of paragraph 2 of Part I of the Corrupt Practices Schedule. The threat contained in this part of the pamphlet is indirect in its nature. It is not said in so many words that electors who support the petitioner will render themselves objects of divine displeasure or spiritual censure but there is a statement to the effect that persons who do not follow the path indicated by certain religious teachers will be acting against religion and against the Shariat. The implication is, however, obvious. Certain well-known Moulanas had been mentioned in the first part of the pamphlet. It was addressed to Muslim electors in a rural constituency—persons who are peculiarly susceptible to any appeal made to their religious feelings. In our opinion, there can be no doubt that the clear implication of the last two sentences of the pamphlet was that, if the voters acted contrary to the instructions given to them by the persons mentioned in the pamphlet, their conduct would be denounced as irreligious and against the mandate of the Shariat. As already stated, admittedly Moulana Shah Sufi Abu Bakr was a person of great influence in the constituency, and the respondent himself admits that Abu Bakr had many disciples all over Eastern Bengal. It seems to be clear that if electors, such as those persons to whom this pamphlet was distributed, were told that it was irreligious and against the Shariat not to comply with directions which had been conveyed to them by a person such as Moulana Abu Bakr, either directly or through the medium of active workers on behalf of the respondent such as Imanuddin Nuri or Abdul Hakim, many of them would regard disobedience of such instructions as a sin by reason of which they might incur divine displeasure or spiritual censure. To act against the Shariat would ordinarily be regarded by Muslim voters in a rural constituency as sufficient to render a person who did so subject to spiritual censure, and to do something which is definitely against religion would be regarded by all religiously minded persons as a sin by reason of which they would be likely to incur divine displeasure. An appeal of this nature, even if it stood alone, would in our opinion amount to "undue influence" within the meaning of paragraph 2 of Part I of the Schedule of Corrupt Practices, but we think that the appeal must have been particularly dangerous reinforced in certain instances, as it was, by the distribution of Ex. 3 which directly threatened voters with eternal punishment if they recorded their votes in favour of the petitioner.

It has been argued on behalf of the respondent with reference to both these pamphlets that they should be disregarded, as there is no evidence to the effect that the signatories themselves were spiritual guides of the electors and as such exercised spiritual influence over the electors. In support of this argument reliance is placed on the Tirhut Division case (H.I.E.C., p. 679) in which the learned Commissioners made the following observations:—

> "The influence exercised by Moulvis or pirs over their disciples is comparable in extent at least, if not in its nature, to that exercised by the Roman Catholic clergy over their flock. We think it is extremely doubtful whether any layman, such as Maulvi Muhammad Shafi Daudi is, can commit this particular corrupt practice."

From these observations we must respectfully dissent as the view which has been adopted by the learned Commissioners unduly restrict the clear language of paragraph 2 of Part I of the Schedule, which is

sufficiently wide in its terms to penalize undue influence of all kinds whether exercised by priests or by laymen. For reasons which we set forth in the following paragraphs we think that this particular corrupt practice may be committed either by a priest or by a layman. Whether or not such undue influence has been exercised will depend on the facts and circumstances of each case.

It is true that in England and Ireland most of the cases relating to divine displeasure or spiritual censure appear to have been decided with reference to allegations of undue influence on the part of the clergy. In discussing this question, the extent to which clerical influence can be used has been very aptly stated by Fitzgerald, J., in the *Longford* case (O'Malley and Hardcastle, Vol. 2, page 6) where his Lordship states:—

> "The Catholic priest has, and he ought to have, great influence. His position, his sacred character, his superior education, and the identity of his interests with his flock ensure it to him; and that influence receives tenfold force from the conviction of his people that it is generally exercised for their benefit. In the proper exercise of that influence on electors, the priest may counsel, advise, recommend, entreat, and point out the true line of moral duty, and explain why one candidate should be preferred to another, and may, if he think fit, throw the whole weight of his character into the scale; but he may not appeal to the fears, or terrors, or superstition of those he addresses. He must not hold out hopes of reward here or hereafter, and he must not use threats of temporal injury, or of disadvantage, or of punishment hereafter. He must not, for instance, threaten to excommunicate, or to withhold the sacraments, or to expose the party to any other religious disability, or denounce the voting for any particular candidate as a sin, or as an offence involving punishment here or hereafter. If he does so with a view to influence a voter, or to affect an election, the law considers him guilty of undue influence. As priestly influence is so great, we must regard its exercise with extreme jealousy, and seek by the utmost vigilance to keep it within due and proper bounds."

Muslims in this country have ordinarily no regular priests corresponding to the priests who minister to the spiritual needs of the members of the Roman Catholic Church. On the other hand, spiritual influence is often exercised by men who pursue the usual avocations of life but who have some reputation for learning or piety or have some standing in society. The evidence in this case indicates that the electors in the constituency, to whom these pamphlets were addressed, were in general religiously minded Muslims and we have no doubt that people of the class of society, to which the majority of these electors belonged, would be very susceptible to appeals to their religious feelings. Such persons would regard with deference and might be easily swayed by advice given to them by people such as Moulana Imanuddin Nuri, Hafiz Abdus Subhan, Moulana Hafiz Sagir Muhammad or even by ordinary Muslim gentlemen such as Abdul Hakim (the editor of the Hanafi), Ahmad Ali (R. W. 3) who was a popular lecturer or Taru Mia (a Municipal Commissioner). Men such as these do, in fact, often exercise considerable influence over their fellow Muslims in rural areas even in matters relating to religion, but we think that in matters having reference to an election such influence should be confined within the limits laid down by Fitzgerald J., in the *Longford* case (cited above). If such limits are exceeded by an abuse of legitimate influence, the influence would become undue and we think that any threat of divine displeasure or spiritual censure intended to influence voters, contained in a pamphlet purporting to be signed by a person such as Taru Mia, Abdus Sobhan or Sagir Muhammad would amount to undue influence within the meaning of the Corrupt Practices Schedule, provided that the evidence of circulation was sufficient.

It may, however, be mentioned that the pamphlets which we are now considering are designed to make a particularly forceful appeal to the electors. Most of the advice given in Ex. 3 purports to emanate from a person who is described as a Moulana of great popularity and not from a mere layman. Similarly, of the two signatories to Ex. 4 one is a Moulana Hafiz and the Imam of an important mosque while the other is a Hafiz.

There is abundant evidence that these particular pamphlets were distributed by Nawab Faroqui's supporters for electioneering purposes and with his connivance. The most important evidence on this point may be briefly summarized as follows:—

Safaruddin (P. W. 6), the petitioner's polling agent at Bangora, mentions Exs. 3 and 4 among certain pamphlets (including Ex. 17) which he saw people circulating on behalf of the respondent. These people included Imanuddin Nuri, Shamsul Huda Sulpuri and Abdul Hakim who were mentioned by several witnesses as having worked in close co-operation with the respondent during the campaign, and whom we have no hesitation in holding to have acted as his agents. This witness definitely states that Ex. 3 was circulated among the assembled voters at the Bangora polling station on both the polling dates when the respondent visited the place.

Hafizul Islam (P. W. 21), who was one of Habibur Rahman's polling agents, saw Ex. 3 and several other leaflets distributed on behalf of the respondent at a meeting of his supporters held at Bailghar, over which Abdul Salam, Nawab Faroqui's agent, presided on the 15th January. This leaflet together with Ex. 5 was also distributed the following day at an election meeting at Dhalpa, which Nawab Faroqui attended personally with Abdul Salam, Khan Saheb Raizuddin and Abdul Hye, Co-operative Inspector. Hafizul Islam states that the Nawab actually ordered the distribution of the leaflets and he saw them in people's hands after they had been distributed. He states that the leaflets were actually distributed by Ali Ahmad, Malek Mia, Abdul Mannan, Co-operative Supervisor, and Shamsuddin, an auditor of the Co-operative Department. His evidence is very detailed and circumstantial, and, we see no reason why we should not accept it.

According to the evidence of Hossainuddi (P W. 23), who was the polling agent of Habibur Rahman at Debidwar, Exs. 3 and 4 and several other leaflets were distributed by the respondent to the people assembled at the Debidwar Polling Station on the 19th January. He admitted that the only leaflet which was distributed by Nawab Faroqui personally was Ex. 5, but he seems to be quite positive in his evidence that the other leaflets were distributed under the respondent's orders by certain people who were working for him. In this connection, he particularly names the respondent's naib, Deben Babu, Ananda Babu, a muharrir, Ali Hossain and Mafizuddin Mia, a muharrir of the Nawab's estate. Although his evidence is somewhat confused on the point whether Exs. 3 and 4 were distributed personally by the respondent or under his orders we have no doubt that they were among the leaflets actually taken to Debidwar by the Nawab and distributed under his authority to the voters present at that place.

Bux Ali (P. W. 24) states that Exs. 3 and 4 and 24 were distributed at Panchpukuria under the respondent's orders by Abdul Aziz and others 10 or 12 days before the polling day. He actually read Ex 4, and, in spite of the denial of Abdul Jalil, there seems to be no reason why his evidence should not be accepted, especially in view of the fact that it is corroborated to some extent by the testimony of Sekandar Ali (P W. 26) who was present at the Panchpukuria meeting The latter witness saw five or seven pamphlets distributed at Panchpukuria by Abdul Aziz and other persons on behalf of the respondent Amongst these leaflets he clearly recognised Exs. 4 and 17 and Abdul Aziz actually handed Ex. 4 to him. This witness was not cross-examined as regards the distribution of leaflets

Abdul Malek (P. W. 40), the Secretary of the Tippera Krishak Samiti, whose evidence in general seems to have been quite reliable states that Ex. 3 was one of the leaflets which the respondent brought with him and distributed to the voters at Bangora on the 19th January.

Abdul Gani (P. W. 41) mentions Ex. 3 as one of the pamphlets which the respondent distributed with the help of a man named Jinnat Ali at the Jaffarganj centre on the day of the election. His evidence appears to be quite reliable.

Abdul Jalil (R. W. 1) states that no pamphlets were distributed at Panchpukuria but he admits that 4,000 to 5,000 people were present on this occasion. We do not regard the testimony of this man as reliable and, in any case, he may not have noticed the distribution of any pamphlets which may have taken place on that occasion.

As regards Ex. 4, a certain amount of corroborative evidence is furnished by Mr. Mitter who states that he received a copy of this pamphlet from the respondent's election office at Comilla together with certain other pamphlets. He states that he recovered these pamphlets quite accidentally. We do not think that Mr. Mitter could have had any motive for invention of this particular item of evidence against the respondent, and we are not prepared to discard it.

In a case of this sort, in which it is clear that these leaflets were widely distributed among voters generally throughout the constituency and were even distributed to the persons assembled at the voting stations on the days of the election, it is in our opinion unnecessary that specific evidence should be given by particular voters to the effect that they actually received the leaflets or were in fact influenced by them in any way. Evidence of general distribution to voters with the intention of influencing them such as has been given in this case is sufficient for the purpose of establishing the petitioner's case. There is no escape from the conclusion that these leaflets were distributed among voters generally throughout the constituency.

After careful consideration of this evidence we think the materials before us are sufficient to show conclusively that Exs. 3 and 4 were circulated to voters with the connivance of the respondent and, in fact, under his instructions and immediate supervision. If these leaflets be read as a whole there can be no doubt that they were intended to induce the electors to whom they were distributed to believe that they would become objects of divine displeasure and would incur spiritual censure if they voted for Habibur Rahman. The respondent's conduct with reference to these leaflets therefore falls within the scope of paragraph 2 of Part 1 of the Schedule of Corrupt Practices. This issue must be answered in the affirmative and is decided in favour of the petitioner.

Issue No. 6 relates to certain alleged false statements which are said to have been circulated among the electors with the connivance of the respondent, and the question for consideration is whether or not these false statements or any of them come within the purview of paragraph 5 of Part I of the First Schedule to the Order.

The most important of these statements is one to the effect that Mr. A. K. Fazlul Huq supported the candidature of the respondent. It is contained in an appeal to the electors of the Debidwar-Muradnagar constituency, which purports to have been signed by Mr. Fazlul Huq on the 26th Pous 1343, corresponding to the 10th January 1937. Ex. F is the printed draft of this manifesto, which bears a manuscript signature alleged to be that of Mr. Fazlul Huq. Ex. N is another printed copy of the same draft without Mr. Fazlul Huq's signature but with certain manuscript alterations in the handwriting of Mr. Satish Mitter and Ex. 5 is a copy of the manifesto as finally printed and circulated in the constituency. In this document the alterations made by Mr. Mitter in Ex. N have been embodied. The appeal in question (Ex. 5), contains statements to the effect that the petitioner, Habibur Rahman, was not the accepted candidate of the Proja Party but was, in fact, contesting the seat on behalf of the Congress. It was pointed out that the Congress was not in any way connected with the Nikhil Banga Krishak Proja Samiti, and that, as Habibur Rahman was seeking election on behalf of the Congress, the Proja party was unable to support his candidature. It goes on to set forth various works of public utility in which the respondent is said to have taken a prominent part and concludes with an assurance to the electorate that no better person than the respondent could be found to represent their interests. It also contains an appeal to them to return him to the Legislative Assembly.

The case for the petitioner with regard to this particular document is that the suggestion contained therein to the effect that Mr. Fazlul Huq was not supporting his candidature is false, and it is contended that the signature of Mr. Fazlul Huq which appears on the original of this document (Ex. F) is a forgery. It is further contended that the respondent circulated this document with the full knowledge and belief that the manifesto in question had neither been signed nor authorised by Mr. Fazlul Huq.

On behalf of the respondent it is admitted that this appeal (Ex. 5), was actually circulated on his behalf in the Debidwar-Muradnagar constituency. It is, however, maintained that the appeal in question was actually signed by Mr. Fazlul Huq who by doing so agreed to

support the respondent's candidature. It is further contended on his behalf that he circulated this manifesto in the belief that it had been duly signed by Mr. Fazlul Huq himself. The Nawab maintains that Mr. Satish Mitter, a highly placed Government official, who at the time of the election held the post of Deputy Director of Industries, was entrusted with the task of obtaining Mr. Fazlul Huq's signature to this document, and that the respondent himself had no direct dealings with Mr. Fazlul Huq in connection with this matter.

Much controversy centres round the question of the precise nature of the functions performed by Mr. Mitter with reference to the disputed manifesto (Ex. 5) which is alleged to have been circulated under the authority of Mr. Fazlul Huq. The position of the petitioner was one of considerable difficulty. Clearly at the time when he filed his petition and, indeed when he himself was in the witness box, he had no reason to suppose that Mr. Mitter had any connection whatsoever with this matter. On the other hand, in view of the terms of the disclaimer (Ex. 6) which Mr. Fazlul Huq had given him on the 8th February 1937, he was *prima facie* justified in thinking that Mr. Fazlul Huq's signature on the manifesto had been forged. Mr. Mitter's connection with the matter was for the first time disclosed when the respondent's Counsel produced certain letters (Exs. L and M) which had been written by Mr. Mitter to the respondent, and which were put to Mr. Fazlul Huq when the latter was in the witness box. As the genuineness of these two letters was undisputed, it followed that, unless the petitioner was able to show that Mr. Mitter's functions in the matter of obtaining Mr. Fazlul Huq's signature were purely nominal and that Mr. Mitter had no direct knowledge as to the manner in which the signature had been obtained, the petitioner would have considerable difficulty in establishing his contention that the signature was a forgery, as he would be placed in the position of having to prove that Mr. Fazlul Huq's signature had either been forged by Mr. Mitter himself or that the latter had been privy to some sort of a conspiracy to create or make use of a forged document. The petitioner, therefore, adopted the position that it could not for a moment be contended that a person of Mr. Mitter's position would be a party to a deliberate forgery, but he strenuously sought to demonstrate that Mr. Mitter was himself deceived by the signature on the draft manifesto (Ex. F), which had been given to him by an unknown intermediary through whom he was acting in his relations with Mr. Fazlul Huq. He also urged that it was this intermediary who either forged Mr. Fazlul Huq's signature himself, or procured his signature in circumstances which would make the manifesto a false document. This position which was adopted by the petitioner received considerable support from the testimony of Mr. Mitter who was examined as a Court witness in the case.

At several stages during the trial of this case, it has been argued that, even if it be assumed that the statements contained in Ex. 5 are substantially false, the appeal in question cannot fall within the purview of paragraph 5 of Part I of the First Schedule, because it relates to the candidature of the respondent and not to that of the petitioner. From a perusal of this document, however, it is quite clear that it has a very vital connection with the petitioner's candidature. There is evidence to show that Habibur Rahman had come before the electorate as the adopted candidate of the Proja party whose president was Mr. Fazlul Huq himself. This appeal (Ex. 5), which was broadcast among the electors of the constituency, virtually disclaim Habibur Rahman as the representative of the Proja party and pledges the support of the President of that party to the respondent. If, in fact, the appeal in question was not issued by Mr. Fazlul Huq it follows that the electors were being asked to vote for the respondent on a false representation of fact in relation to the candidature of the petitioner, and, having regard to the influence of Mr. Fazlul Huq and his position in the Proja party, it would be difficult to imagine anything more likely to prejudice the prospects of the petitioner's election than the circulation of a statement of this kind.

The most important question for us to decide with regard to this issue is whether or not the petitioner has succeeded in establishing his contention that the signature of Mr. Fazlul Huq which appears on the original of that document was a forgery. In order to arrive at a conclusion with regard to this matter it is necessary for us to consider in detail the evidence as to the circumstances in which Mr. Fazlul Huq's signature is said to have been obtained.

For the purpose of arriving at a definite conclusion our difficulties are considerable. Mr. Fazlul Huq in his evidence before us has mentioned a number of reasons which he maintains convince him that he could not have signed this manifesto. He states that he has no recollection of having signed any appeal to the electors on behalf of the respondent in connection with his election campaign in the Tippera district. He admits, however, that it is impossible to be dogmatic with regard to an isolated signature, and he further admits that in a case of this sort the possibility of his signature having been obtained by some trick or fraud cannot be entirely eliminated.

As regard Mr. Mitter, his contention is that, in the matter of obtaining Mr. Fazlul Huq's signature to this document, he acted merely as an intermediary between the person who actually obtained the signature and the respondent, and he has stressed his ignorance of the exact circumstances in which this signature was obtained. On the other hand, he admits that he was taking a very prominent part in promoting the respondent's interests in his election campaign in the districts of Tippera and 24-Parganas, and he even goes so far as to admit that in this campaign he was acting as the respondent's unofficial election agent in defiance of the provisions of the Government Servants' Conduct Rules which prohibit an officer of Government from interesting himself in this way on behalf of a candidate for election to any legislative body.

With regard to Mr. Mitter's evidence we are compelled to say, at the outset, that we do not consider that he has deposed before us with that degree of frankness which we had a right to expect from an official in his position and a gentleman of his standing in society. When he first gave his evidence before us the attitude which he adopted in explaining certain letters which he had addressed to the respondent was that he acted only as a post-office between an unknown intermediary and the respondent, and that it was his duty merely to report to the respondent any observations, however trivial they might be, which the intermediary in question had made to him in connection with the manifesto which it was proposed to obtain from Mr. Fazlul Huq. At a later stage, however, when Mr. Mitter was recalled, he was compelled to admit that he was, in fact, taking a much more prominent part in relation to this particular matter. He explained that it was his duty to direct and supervise the intermediary and to satisfy himself that Mr. Fazlul Huq's signature was duly obtained not only for the Debidwar-Muradnagar manifesto but also for an appeal to promote the respondent's interests in his Diamond Harbour campaign. He stated that one of his functions was to see that these manifestoes had been properly drafted and he went even further by admitting that, even after Mr. Fazlul Huq's signature had been obtained on the Debidwar-Muradnagar manifesto, he himself made certain alterations in the draft because it had been represented to him by the intermediary that these alterations embodied suggestions which Mr. Fazlul Huq himself had made. Having regard to Mr. Mitter's own admissions and the contents of certain letters which passed between him and the respondent, it is impossible for us to avoid coming to the conclusion that, if Mr. Fazlul Huq actually signed the disputed manifesto, it must have been Mr. Mitter himself and no other person who took the leading part in obtaining Mr. Fazlul Huq's signature, and that for reasons best known to himself he has endeavoured to minimise his complicity in this transaction.

As far as the evidence of the respondent himself is concerned, our difficulties are even greater. Even after making all allowances for the ordeal which he had to undergo while he was in the witness box, we found that his evidence was so unsatisfactory that we do not think that any reliance should be placed on it. Facts which have been conclusively established by the evidence he has denied whenever he considered the admission of such facts inconvenient or dangerous. Although he was the Minister in charge of the Co-operative Department and of the Department of Industries, and must have been well acquainted with the provisions of the Government Servants' Conduct Rules, he did not hesitate to exploit and use Mr. Mitter, the Deputy Director of Industries, as a sort of unofficial election agent in his election campaign in the districts of Tippera and the 24-Parganas and to employ a number of officers of the Co-operative Department as his canvassers. Even letters which were clearly written by him he has denied whenever he considered that such letters might jeopardise the position he has adopted in this case or injure his reputation as a politician or as a gentleman. He has even gone so far as to deny his

own signature on a letter (Ex. 93), which he undoubtedly wrote to a friend on the 1st September 1936, apparently on account of the fact that it had been written on the same sort of paper as that which has been used in some of the letters which he had sent to Mr. Mitter. His evidence has already been discussed in detail with regard to several other issues and will be further examined in connection with this issue. Even if his testimony and his conduct are regarded in the most favourable light we are reluctantly compelled to observe that his evidence was in the main unreliable and in certain respects untruthful.

It is obvious from what we have already stated that, in order to reach a correct conclusion with regard to this matter, it is important that we should examine the relations between Mr. Mitter and Nawab Faroqui in connection with the respondent's election campaign with particular regard to the correspondence which passed between them. For the sake of convenience copies of the relevant correspondence have been made an annexure to this portion of our report (See Annexure to Issue No. 6).

The respondent stood for election from several constituencies in the Province, including Diamond Harbour in the district of the 24-Parganas and Debidwar-Muradnagar in the Tippera district. According to his evidence he had hoped to obtain an uncontested return from Diamond Harbour, which would have left him free to organize the election campaign on behalf of other Muslim League candidates in the Tippera district. This ambition was frustrated owing to the intervention of certain leaders of the Muslim League, who decided to support Maulvi Jasimuddin Ahmed in the Diamond Harbour constituency. It was apparently this decision, which considerably diminished the Nawab's chances of success at Diamond Harbour, which made him finally decide to concentrate his energies on securing his return from Debidwar-Muradnagar where he possessed considerable advantages in an election campaign as he was already the sitting member for that constituency which he had carefully "nursed" at any rate since the autumn of 1936. Further, this constituency was the headquarters of his zemindary and his home.

According to the respondent's evidence his decision to stand for the Debidwar-Muradnagar constituency was taken towards the middle of December 1936. His course, however, was not an easy one. The Tippera Krishak Samiti under the leadership of Ashrafuddin Choudhury were already in the field. Although this organisation desired to work the constitution the evidence indicates that its members were in many respects in sympathy with and under the influence of the Congress and they relied upon the Congress for advice and assistance. This Samiti nominated ten candidates to contest certain seats in the Tippera District, and, of these candidates, Habibur Rahman was the Nawab's principal opponent in the Debidwar-Muradnagar constituency.

It would appear that the Nawab at first attempted to obtain an uncontested return from the Debidwar-Muradnagar constituency, and, according to the evidence of Mr. Mitter, it was in this connection that the respondent first approached him for help in his election campaign. Mr. Mitter was in a position to help him in this respect through his relationship with Mr. Sarat Bose, the leader of the Congress party, and he admits that he actually did his best through Mr. Sarat Bose to get Habibur Rahman to withdraw from the contest.

The Nawab admits that the information which Mr. Mitter was able to pass on to him through his connection with Mr. Sarat Bose was of great use to him in his election campaign. For instance, on the 13th December 1936, Mr. Mitter wrote a letter to the Nawab (Ex. V) in order to make him acquainted with the financial difficulties of Ashrafuddin Chaudhury, the leader of the Tippera Krishak Samiti, in conducting the campaign in the Tippera district. Mr. Mitter states that, shortly after writing this letter, he received a telegram from the respondent asking him to go to Nawab Faroqui's Tippera constituency with Mr. Sarat Bose in order to get his opponents to withdraw. It was apparently in reply to this communication that Mr. Mitter addressed Nawab Faroqui on the 15th December 1936, in a letter (Ex. O) in which he informed him that it would be difficult for Mr. Sarat Bose to leave Calcutta at that time. He also quoted some telegraphic correspondence which had passed between Ashrafuddin Choudhury and Mr. Sarat Bose, which indicated the financial difficulties with which the Tippera Krishak Samiti candidates were confronted. The significance of this letter is obvious. It shows that Mr. Mitter was, as he himself admits, in the somewhat unusual position of being able to get information not only

from the Nawab's supporters but also, through Mr. Sarat Bose, from his opponents and to pass on such information to the respondent. Some of Mr. Mitter's answers when he was questioned with regard to his letter, dated the 15th December 1936, are interesting as will be seen from the following extract from the evidence:—

"With regard to this letter, dated the 15th December, I take it that this information about the telegram, which was received by Sarat Bose from Ashrafuddin, was based on information which you had received from Sarat Bose?—Yes.

Did you see the telegram?—Mr. Bose actually showed it to me.

So you in your capacity as an unofficial election agent for Faroqui felt it your duty to pass on that information to Faroqui?—Yes.

You were therefore in a somewhat unusual position of being able to get information not only from Faroqui's supporters but also from his opponents?—Through Mr. Sarat Bose.

That being the case, you must have been of great help to Faroqui on every point?—He actually counted on my help.

I take it that one of the reasons was that you were intimate with Sarat Bose and people in the opposite camp. You were in a position to obtain information from them and hand it on to Faroqui?—Yes.

That information was of great value to Faroqui in his election campaign?—Yes.

Faroqui knew this, I suppose —Yes.

You told Faroqui that yourself?—Yes.

You made your position in that respect quite clear to Faroqui when you agreed to help him?—Yes."

Another instance of Mr. Mitter's activities on behalf of the respondent in connection with his Tippera campaign is afforded by his attempt to get Abdul Majid to withdraw in the respondent's favour from the Kasba-Burichong constituency. On the 19th December 1936, Mr. Mitter received a long unsigned letter (Ex. 54), with regard to this matter which, according to the evidence, was handed over by the respondent to a man named Haralal Bhattacharji (C. W. 7). The respondent denies this letter apparently because of the nature of the transaction to which it relates and the fact that it is written on the same kind of paper as another letter which has been exhibited in this case, namely, Ex. 42(*a*), the authenticity of which he also denies. Whatever may be the position with regard to Ex. 42(*a*), there is no reason to doubt that Ex. 54 was sent to Mr. Mitter by the respondent, and that it was entrusted by him to Haralal Bhattacharji who has deposed in this case. This person delivered the letter to Mr. Mitter who had previously been warned by a telegram, Ex. 54(*a*), by the respondent's agent at Comilla, that a messenger would reach Sealdah on the night of the 19th December with an important letter addressed to him. It is also clear from the evidence of Mr. Mitter, corroborated as it is by the testimony of Haralal Bhattacharji and the subsequent telegraphic correspondence, Exs. 57(*b*) and 57(*a*), that, on receipt of this letter Mr. Mitter sent Haralal with a letter to Dr. R. Ahmed in Dacca in an endeavour to secure the withdrawal of Abdul Majid.

The letter, Ex. 54, also contains a request to Mr. Mitter in the following significant terms:—

"I wonder whether you can influence our friend to press Asraf to withdraw his men against me . . . . Our great friend if he is really serious, will, I am sure, be able to help us as he is now the man actually in power,—you understand whom I mean. You can tell him on my behalf that if there is a will there is a way, and if he really wishes, he can certainly by exerting his personality and force of character help me to get out of this botheration and trouble."

It appears from the testimony of Mr. Mitter that these passages must have been intended to refer to Mr. Sarat Bose. Mr. Mitter stated that he asked Mr. Sarat Bose to help him but he was unable to say whether this gentleman took any steps to comply with his request.

It is unnecessary to discuss this particular letter in detail as it relates primarily to another constituency. It has been reproduced in the annexure to this report, and it is only of importance in this case as indicating the extent of the confidence imposed in Mr. Mitter by the Nawab in connection with his election campaign generally, even with regard to the most highly confidential matters, and also as showing that the evidence of the Nawab himself cannot be believed when he denies having sent any unsigned letter to Mr. Mitter. This transaction further shows that it is extremely unlikely that the Nawab would have expected Mr. Mitter to have acted as a mere post-office between him and an unknown intermediary in regard to the business of obtaining a manifesto from Mr. Fazlul Huq for the Debidwar-Muradnagar constituency, and it indicates that Mr. Mitter would not have agreed to act in such a capacity. It is hardly open to doubt that the part which he took in such a transaction must have been, at any rate, as prominent as his activities in connection with his attempt to get Abdul Majid to withdraw from the Kasba-Burichong constituency.

The next letter of any significance is Ex. 60 which is dated the 20th December 1936. Mr. Mitter explains this letter by saying that the Nawab had asked that Mr. Sarat Bose should himself go to Comilla in order to persuade some of his opponents to withdraw, but, as Mr. Bose was unable to do so, he sent a son of Akhil Dutt instead.

It is unnecessary to stress further the great advantages that the respondent might have expected to derive from Mr. Satish Mitter's assistance in his election campaign, but, in our view, it is impossible to defend the unscrupulous use which he made of his positon as Minister in charge of the department in which Mr. Mitter was employed for the purpose of furthering his personal interests in his constituency. His conduct in this respect, which goes to the root of purity of the administration, is all the more difficult to defend on account of the delicate position in which Mr. Mitter found himself at the period in question. Mr. Weston, the permanent Director of Industries, was about to take leave preparatory to retirement with effect from the 2nd February 1937. Mr. Mitter naturally desired to secure the permanent appointment, and he admits that, about the 10th or 12th December, he sought the Nawab's assistance with a view to the fulfilment of his ambition. Mr. Mitter's evidence on this point is as follows:—

"*To Counsel.* The Nawab told me "You shall not only officiate in Mr. Weston's place but on and from the day Mr. Weston retires you will automatically be made permanent.'

To President. When did the Nawab tell you that?—Before he went to Comilla to file his nomination.

That was the middle of December?—About the 10th or 12th December.

To Counsel. You want the learned Commissioners to believe that the Nawab Saheb voluntarily told you all this. You never asked him to do anything nor did you expect anything?—But here the Nawab Saheb wanted to do it for his own sake in order to get help from me.

To President. Did you make any suggestion to the Nawab Saheb that he should do this or did the Nawab Saheb act entirely on his own own initiative?—The first time he acted he acted on his own initiative.

That was before he went to Comilla?—Yes.

You asked the Nawab to see to it that you were made permanent?—Yes."

The Nawab's conduct in exploiting the position of one of his subordinate officers in this way can only be regarded as reprehensible and improper in the highest degree. It is also highly regrettable that an officer of Mr. Mitter's standing and experience should have allowed himself to be exploited in this manner. Whether he was actuated by a mistaken sense of loyalty to his Minister or by the hope of obtaining advancement in his department, his clear duty was to comply with the provisions of the Government Servants' Conduct Rules in this matter and to refuse to further the private interests of a Minister to the detriment of his official duties and in disregard of the terms of his appointment.

It has been necessary to dwell at some length on the relations between Mr. Mitter and the respondent in the early part of December 1936, for the purpose of enabling us to appreciate and estimate according to its proper value that part of Mr. Mitter's testimony which relates to the draft manifesto, Ex. F, which Mr. Fazlul Huq is alleged to have signed.

We have already referred to certain difficulties which we have experienced in connection with Mr. Mitter's evidence. These difficulties seem to have been enhanced owing to the embarrassing position in which Mr. Mitter admits that he has placed himself by reason of his activities on behalf of the respondent in relation to the latter's election campaign. He was, of course, fully conscious of the gravity of these activities and he doubtless realises the consequences which may follow departmentally to himself as a result of the disclosures which he has made. But we think that, however embarrassing his position may have been, it was his duty to have given us more assistance with regard to this matter than we have actually received from him.

We have also experienced similar difficulties in regard to the testimony of one of Mr. Mitter's assistants, Mukul Gupta, to whose evidence we shall shortly refer. He was also intimately connected with the matter which we are now discussing but from his evidence it would appear that he has been endeavouring to minimise as far as possible the extent of his activities possibly in order to shield other people and certainly in order to protect himself.

According to the testimony of Mr. Mitter, the respondent came to Calcutta during the Christmas holidays of 1936, and it was during this visit to Calcutta that the Nawab renewed his request for Mr. Mitter's assistance and gave him a personal assurance of protection and a promise to the effect that none of his letters would be produced. It was also during this visit that the respondent told Mr. Mitter that he had arranged to get a suitable statement from Mr. Fazlul Huq for use in the Debidwar-Muradnagar constituency and introduced to him a person who was fully acquainted with his plans and who would act as an intermediary between Mr. Mitter and Mr. Fazlul Huq.

It is urged on behalf of the respondent that this unknown intermediary is merely a figment of Mr. Mitter's imagination, and that any negotiations which may have been necessary with Mr. Fazlul Huq were entrusted to Mr. Mitter himself. This contention obtains support from several letters which were admittedly addressed by Mr. Mitter to the respondent, which will be discussed hereafter. On the other hand, in view of the fact that Mr. Fazlul Huq was contesting an election at Patuakhali with Sir Nazimuddin, one of the members of the Cabinet, it is not unlikely that an intermediary of some sort may have been employed for the purpose of carrying to Mr. Fazlul Huq written or oral messages either from Mr. Mitter or from the respondent. This view is in some measure supported by the testimony of Mr. Fazlul Huq who has told us that some person approached him on behalf of the respondent in the early part of January both at Patuakhali and in Calcutta. It is, however, clear both from Mr. Mitter's own admissions in the later stages of his evidence that any such intermediary must have been employed in a comparatively subordinate capacity. If Mr. Mitter had merely been acting as the intermediary's forwarding agent, as he wishes us to believe, it is surprising that no mention of this person, direct or indirect, is contained in any of the admitted letters which he addressed to the respondent in connection with this matter.

According to Mr. Mitter's testimony the unknown intermediary must have been introduced to him about the 26th December 1936. Almost immediately after this interview Mr. Mitter left for Hazaribagh, and from that place he sent the respondent a letter (Ex. T), dated the 28th December 1936, in the first part of which he states:— "I have written to Mukul to keep the draft note ready for my friend's signature. Friend is due at Calcutta early in January and immediately on his arrival I will get it signed. I have written to Mukul to settle with a press so that the note can be printed off straightaway with my friend's signature in original. If I can get this done, it will be an achievement." In the latter part of this letter he asks for instructions on the point whether Ahmad Ali, whom he describes as a "fiery lecturer," should be asked to deliver a series of lectures.

Mr. Mitter has admitted that the intermediary had been entrusted with the duty of obtaining Mr. Fazlul Huq's signature to manifestoes

both for Diamond Harbour and also for the respondent's constituency of Debidwar-Muradnagar. If, however, this intermediary occupied such prominent place in the plan to obtain these manifestoes, as Mr. Mitter would have us believe, it is strange that this letter, Ex. T, does not refer to him.

Mr. Mitter states that the first part of Ex. T relates to the Diamond Harbour manifesto, but, having regard to the circumstances of the case as they then stood, we are doubtful whether his testimony on this point is correct. It is quite clear that, by the end of December 1936, although the respondent was contesting the Diamond Harbour seat, he was devoting most of his energies to his election campaign in the Debidwar-Muradnagar constituency. It was there that the organisation of the campaign was being supervised by him personally. It further appears from the evidence which the Nawab himself has given that his visits to Diamond Harbour were very spasmodic. He was content to leave the conduct of that campaign mainly in the hands of his agents and his chief personal concern at that time was to do everything possible in order to further the chances of his success at Debidwar. A manifesto from Mr. Fazlul Huq would certainly have been of enormous value to the respondent at Debidwar where the Nawab's principal opponent was an adopted candidate of the Proja party's Parliamentary Board of which Mr. Fazlul Huq was the President, and where canvassers were asking the public to vote for Habibur Rahman on the ground that he was being supported by Mr. Fazlul Huq. To have obtained a manifesto from Mr. Fazlul Huq for Diamond Harbour might have been useful but there was no reason to believe that any difficulty was likely to present itself in obtaining such a manifesto. As regards Debidwar, however, to obtain Mr. Fazlul Huq's signature might indeed be regarded as an "achievement" to use the language of Mr. Mitter's letter. It is, therefore, difficult to avoid the conclusion that this letter, Ex. T, must refer to some arrangement which had been concluded between the respondent and Mr. Mitter during the Christmas holidays for the purpose of obtaining a manifesto from Mr. Fazlul Huq in connection with the respondent's Debidwar-Muradnagar campaign.

Admittedly, the "friend" to whom reference is made in the second paragraph of Ex. T is Mr. Fazlul Huq. Mr. Mitter's use of the word "achievement" with reference to the contemplated transaction is significant. This indicates that, at that time, Mr. Fazlul Huq could hardly have consented to sign any manifesto on behalf of the respondent. It shows, however, that Mr. Mitter and the respondent had some scheme in their minds by which it might be possible to obtain Mr. Fazlul Huq's signature either by persuading him to give it voluntarily, by bringing pressure to bear on him, or by means of some trick or fraud.

The letter also shows that Mr. Mitter had instructed Mukul Gupta to prepare a draft for Mr. Fazlul Huq's signature. Mukul Gupta admits that he was asked to prepare a draft resumé of the respondent's activities, but he states that he did not know the constituency for which this statement was to be used. Mukul Gupta was a very unwilling witness, and we are of opinion that he has deliberately withheld certain material information from this Tribunal. We have no doubt that, as he himself admits, he was asked to prepare a draft but we consider it most unlikely that he did not know the constituency for which the draft was to be prepared, and we think that, at any rate in this part of his testimony, he was merely attempting to support the evidence of Mr. Mitter in disregard of his duty to this Tribunal. The circumstances clearly indicate that the statement which Mukul Gupta was asked to draft related to the Debidwar-Muradnagar constituency—a fact which must have been known to Mukul Gupta himself.

It was some days later that Mr. Mitter came into direct contact with Ahmad Ali in connection with the respondent's election campaign. This is the person to whom he refers in his letter of the 28th December 1936 (Ex. T) as a "fiery lecturer". Ahmad Ali has deposed in this case, and on the whole we regard him as a truthful witness. He has told us that, on the 2nd or 3rd January, he was taken to Mr. Mitter by Satyendra Majumdar, the editor of the Ananda Bazar Patrika. At this interview, Mr. Mitter asked him to work for the respondent at Diamond Harbour and at Debidwar, and he was shown certain telegrams and money order receipts from Mr. Fazlul Huq, which surprised him. As a result of this interview, although he refused to go to Debidwar

he agreed to work for the respondent in the Diamond Harbour constituency. At a subsequent interview, which took place on the 6th January, Mr. Mitter told him that Mr. Fazlul Huq would give two manifestoes for the respondent, one for Diamond Harbour and the other for Debidwar. Mr. Mitter then asked him to draft both these manifestoes but he only drafted an appeal in connection with the Diamond Harbour campaign, which he dictated to a young man who was present. If this evidence be taken in conjunction with that portion of the testimony of Mukul Gupta which we are prepared to accept, it indicates that Mukul Gupta, after being asked to prepare a draft manifesto for the Debidwar-Muradnagar constituency, failed to do so, and Mr. Mitter then attempted to utilize the services of Ahmad Ali for the purpose of preparing the draft. It is not clear whether it had actually occurred to Mr. Mitter or to any other person connected with the respondent's election campaign to prepare a draft manifesto for Diamond Harbour before the 6th January, and we think that it is not unlikely that the preparation of this manifesto was an afterthought brought about by Ahmad Ali's unwillingness to help the respondent in connection with the Debidwar-Muradnagar campaign and his readiness to support the Nawab to the utmost extent of his capacity at Diamond Harbour.

The next letter which requires consideration is an unsigned letter, dated the 3rd January 1937 [Ex. 42(a)] which, according to the evidence of Mr. Mitter, was sent to him with a forwarding letter of the same date under the signature of the respondent (Ex. 42). The respondent admits the authenticity of the forwarding letter (Ex. 42) but his contention is that the enclosure [Ex. 42(a)] had been substituted by Mr. Mitter for some other letter relating to the notification of his appointment as officiating Director of Industries. Mr Mitter emphatically denied this suggestion.

The respondent's allegations in this connection are of an extremely serious character, and in one part of his evidence he goes so far as to suggest that Mr. Mitter forged this letter, Ex. 42(a), at the suggestion of the Chief Minister himself, and that Mr. Mitter had been instigated by persons of great influence to give false evidence with regard to this particular matter. We may at once say that there are no circumstances on the record to justify the suggestion that Mr. Mitter has given false evidence at the suggestion or instigation of anybody. If he has given evidence of a misleading character he has done so for reasons best known to himself.

Even if for the sake of argument we accept the respondent's contention that some letter had been substituted for the original enclosure to Ex. 42 it is, at any rate, perfectly clear from the evidence that the respondent's case is false in so far as he contends that the enclosure to this letter, Ex. 42, was some communication addressed to Mr. Stevens on the subject of Mr. Mitter's notification as officiating Director of Industries.

Exhibit 42 is dated the 3rd January 1937, and the enclosure would presumably bear the same date. Mr. Mitter has produced documentary evidence which makes it perfectly clear that the notification relating to his officiating appointment could not have come to his notice or to the notice of his office before the 4th January 1937. It was on this day that Mukul Gupta sent a telegram to Nawab Faroqui informing him that Mr. Mitter was somewhat depressed with regard to the terms of the notification. The Nawab, immediately on receipt of this telegram, wired to Mr. Mitter on the afternoon of the 4th January 1937 asking him not to be disappointed about the notification and assuring him that he would rectify matters after his return to Calcutta (Ex. 57). Mr. Mitter appears to have written to the Nawab on the 4th January 1937 expressing his disappointment. A fragment of this letter, Ex. 73, was produced by the respondent himself during the later stages of the case. It was clearly in reply to that letter that the Nawab addressed Mr. Mitter on the 6th January 1937 (Ex. U) in the following terms:—
"Your affectionate letter is to hand, it was your Boudidi who drew my attention regarding the notification and I myself was upset over it, so I sent you the telegram. The thought did not come to my mind that you will be indifferent towards me."

In the meantime the Nawab appears to have written to Mukul Gupta on the 5th January 1937 on the subject of certain articles which had appeared in the "Ajad" and the "Amrita Bazar Patrika" and desired him to issue contradictions in respect of the articles in question. In

as often as he can and let you know the progress. Please let me know if he has seen you and if so when he expects the statement. Kindly keep me posted of every development. As my man is no good in correspondence please write to me whenever he sees you. On reading your letter I shall take it as if he has been writing to me."

With regard to this paragraph it is argued with considerable force by Mr. S. N. Banerji, the learned Counsel for the respondent, that it is unnatural that Nawab Faroqui should have addressed Mr. Mitter in this way on the 3rd January 1937, if, in fact, the intermediary had been introduced to him a few days earlier during the Christmas holidays. It is also argued that there is some inconsistency between this paragraph and Mr. Mitter's letter of the 28th December 1936 (Ex. T), if it be accepted that the latter letter refers to the manifesto which it was proposed to obtain from Mr. Fazlul Huq in connection with the respondent's Debidwar-Muradnagar campaign. The letter of the 28th December 1936, indicates that Mr. Mitter himself would take all the necessary steps towards obtaining Mr. Fazlul Huq's signature and that he himself would be in a position to report progress without the aid of an intermediary. It is, therefore, urged that this paragraph must have been inserted in the correspondence by Mr. Mitter for the purpose of supporting his case that he himself was not in direct contact with Mr. Fazlul Huq in the matter of obtaining his signatures to any manifestoes on behalf of the respondent and in order to enable him to disclaim any direct knowledge or responsibility as regards the manner in which these signatures had been obtained.

In this connection, considerable weight has been attached to the embarrassing position in which Mr. Mitter might have found himself if he had been compelled to testify against Mr. Fazlul Huq who has maintained that his signature on Ex. F is a forgery. It has been suggested that, in order to escape from this embarrassing situation, Mr. Mitter has concocted the story of an intermediary (1) in order to explain the letters which he has addressed to the Nawab, which indicate his direct concern with this business and (2) for the purpose of showing that his connection with these transactions was so remote in its character that it would be impossible for him to give any useful direct evidence as to the manner in which Mr. Fazlul Huq's signatures had been obtained.

This argument is, of course, quite plausible, but, on the other hand, it cannot be denied, as pointed out above that it is not unlikely that some sort of an intermediary may have been employed by the Nawab and by Mr. Mitter. This theory is, to some extent, supported by the evidence of Mr. Fazlul Huq himself. It is also not impossible that, in his anxiety to leave no stone unturned whereby Mr. Fazlul Huq's signature might be obtained, Nawab Faroqui desired in the last paragraph of his letter of the 3rd January 1937, to draw Mr. Mitter's attention pointedly to the use which might be made of the person mentioned therein and to remind him of the precise functions which it had been decided to allot to him in connection with the plan for obtaining Mr. Fazlul Huq's signature.

We should have been in a much better position to come to a clear finding on this point if the intermediary himself had been examined as a witness in this case. Unfortunately it does not appear to have been to the interest of any of the principal parties concerned to place him in the witness box for examination. We cannot believe it possible that, if this man was really employed, either Mr. Mitter or the Nawab himself could not have ascertained his name and whereabouts, and we incline to the view that one of them, or possibly both of them, may have found it expedient for reasons best known to themselves to withhold from this Tribunal the very material evidence which might have been given by this person.

It is difficult to believe that a person of Mr. Mitter's position would have deliberately tampered with the correspondence for the purpose of exonerating himself from direct responsibility in connection with the circumstances in which Mr. Fazlul Huq's signature was obtained but, at the same time, the evidence indicates that, even if this matter is viewed in the most favourable light, he certainly took advantage of this reference to an intermediary, which is contained in the last paragraph of Ex. 42(*a*), for the purpose of relegating himself to an unimportant position, in connection with this transaction. In view of the circumstances which we have discussed, our finding with regard

to the authenticity of Ex. 42(*a*) must necessarily be of an inconclusive nature. We think that the enclosure to Ex. 42 must have been a letter of instructions couched very much in the same terms as Ex. 42(*a*). Possibly, Ex. 42(*a*) was the identical letter which was enclosed with Ex. 42 but, in the absence of further materials which have not been placed before this Tribunal, we are not prepared to pronounce a definite opinion as to the authenticity of the last paragraph of Ex. 42(*a*).

The manner in which the Debidwar-Muradnagar manifesto was actually drafted is obscure. Mr. Mitter disclaims any direct knowledge with regard to this matter, although he admits that he saw the draft after Ex. F had been signed by Mr. Fazlul Huq and that he made certain alterations therein in his own hand. Both Mr. Mitter and the respondent admit that Ex. L, a letter addressed by Mr. Mitter to the respondent on the 6th January 1937, relates to the Debidwar-Muradnagar manifesto. This letter contains the following passage:—"Fazlul Huq is due here on 9th January 1937 or 10th January 1937 at the latest. I will get him to sign a brilliant manifesto which has already been composed." Mr. Mitter maintains that, in conveying this information to the Nawab, he was simply reporting something which had been stated to him by the unknown intermediary. We are not however prepared to accept his testimony to the effect that he had no direct knowledge with regard to the composition of this manifesto.

On this point, reference may be made to the testimony of Ahmad Ali, R.W. 3. When Mr. Mitter first deposed in this case he appeared to be anxious to conceal facts connected with his dealings with this gentleman. When, however, he was recalled he was compelled to admit that he had had several interviews with him, and he even went so far as to admit that Ahmad Ali might have drafted the Diamond Harbour manifesto at his request. In this connection, it is significant that, when Mr. Mitter was first examined, his evidence was to the effect that the references to Ahmad Ali in Ex. L were based on information that he had received from the intermediary although in the later stages of his deposition he made it quite clear that he was acting on his own initiative in regard to this matter.

A letter has been exhibited on behalf of the respondent [Ex. 8(1)] which, according to the evidence, must have been addressed to Ahmad Ali by Mr. Mitter on the 6th January 1937. The letter conveys an invitation to the person to whom it is addressed to take tea with Mr. Mitter on the afternoon of the 6th January. It will be remembered that, according to the evidence of Ahmad Ali, he had already seen Mr. Mitter on the 2nd or 3rd January on which occasion he had been asked to do some propaganda work for the respondent in the Debidwar-Muradnagar constituency—a request with which he had refused to comply. His evidence is to the effect that he actually saw Mr. Mitter on the 6th January and, on that occasion, was asked by him to draft two manifestoes for Mr. Fazlul Huq's signature—one for Diamond Harbour and the other for Debidwar. He stated that he actually drafted the Diamond Harbour manifesto but took no steps as regards the drafting of an appeal for Debidwar. According to Mr. Mitter's letter, dated the 6th January 1937 (Ex. L) the manifesto to which he referred had already been composed. If we accept his evidence to the effect that this letter, Ex. L, relates to the Debidwar-Muradnagar manifesto and also accept the testimony of Ahmad Ali that the only manifesto which he drafted on the afternoon of the 6th January related to the Diamond Harbour constituency, it would follow that the drafting of the Debidwar-Muradnagar manifesto must have been done in the evening of the 6th January probably after Ahmad Ali had left Mr. Mitter's house. In that case, the omission to mention the Diamond Harbour manifesto in Mr. Mitter's letter of the 6th January 1937 is possibly explained by the fact that the respondent at that time was concerning himself mainly with the campaign in the Debidwar-Muradnagar constituency. It would, therefore, be a matter of greater interest to him to hear what was being done in order to obtain Mr. Fazlul Huq's manifesto for the Tippera election campaign than to receive similar information relating to the Diamond Harbour constituency where as he himself admits and as the evidence of Mr. Mitter indicates, he was prepared to leave most of his election business to Mr. Mitter or in the hands of agents.

Mr. Mitter states that Ahmad Ali left for Diamond Harbour on the 6th January and he did not return to Calcutta before the end of the campaign. His evidence on this point however, we are not prepared to accept. Mr. Mitter himself informed the Nawab in his letter

of the 7th January (Ex. 61) that Ahmad Ali was in Calcutta with him and we are not prepared to disbelieve Ahmad Ali when he states that he had another interview with Mr. Mitter on the 8th January at which he was informed that the Debidwar manifesto had been drafted by Nawab Faroqui's men. We think, therefore, that in all probability this manifesto was drafted at Mr. Mitter's house on the evening of the 6th January before he posted the letter of that date (Ex. L) to the respondent.

It seems to be clear that at the interview of the 6th January Mr. Mitter again tried to persuade Ahmad Ali to do some propaganda work in the Debidwar-Muradnagar constituency but the latter again refused to comply with this request. The correspondence indicates that in spite of this refusal Mr. Mitter must have been fairly confident of obtaining Ahmad Ali's agreement to his suggestion, and it was doubtless on this account that he took Mr. Ahmad Ali's consent for granted in the concluding portion of his letter, dated the 6th January 1937 (Ex. L) and in his subsequent letter of the 7th January 1937 (Ex. 61). This letter of the 7th January clearly refers to the Debidwar-Muradnagar manifesto as Mr. Mitter stated therein that Mr. Fazlul Huq was due in Calcutta on the 9th or 10th January 1937 and that he would get the statement signed and would despatch it on the 11th January 1937 by the Chittagong Mail.

By the 9th January 1937, as appears from Mr. Mitter's letter of that date to Nawab Faroqui (Ex. M), the draft manifesto for Debidwar-Muradnagar had been printed. The relevant passage in that letter reads as follows:—"My friend F. is arriving here to-day. God willing I will get his signature. The manifesto which he will sign is already printed. If I can get his signature it will be grand. I am praying." Here again, Mr. Mitter admits that the reference is to the Debidwar-Muradnagar manifesto but he maintains that he was merely reporting information which had been given to him by the unknown intermediary. When he first gave his evidence he even went so far as to say that his remark to the effect that he was praying merely embodied an observation of this unknown person. The absurdity of such an explanation is manifest, and, after Mr. Mitter had been recalled, he stated that his evidence with regard to this particular point was due to some confusion of thought on his part. We are not prepared to accept Mr. Mitter's denial of any direct knowledge with regard to the preparation of the draft. The language of his letters which he addressed to the Nawab on the subject is clear and indicates that he himself must have been fully acquainted with the existence of the draft which must have come into existence under his directions and supervision.

The remaining portion of Mr. Mitter's letter of the 9th January contains certain information with regard to the despatch to the Nawab of some leaflets which he apparently required for distribution in the Debidwar-Muradnagar constituency and also an account of Mr. Mitter's activities in connection with the Diamond Harbour campaign. It is strange that he did not think it necessary to make any mention of the manifesto for Diamond Harbour which had been prepared for Mr. Fazlul Huq's signature but, as indicated above, this may have been due to the fact that both he and the Nawab regarded this particular manifesto as being of minor importance in connection with the election campaign generally.

The position, therefore, as it stood on the 9th January 1937, in respect of the Debidwar-Muradnagar manifesto, seems to have been that Mr. Mitter had arranged to have the draft of that manifesto printed and that this printed draft was actually awaiting Mr. Fazlul Huq's signature. Up to that day Mr. Mitter was quite confident that Mr. Fazlul Huq's signature would be obtained. The draft of the Diamond Harbour manifesto was still in manuscript on the 9th January. This draft had been prepared a few days earlier by Ahmad Ali at Mr. Mitter's house, probably in the latter's presence, and Ahmad Ali's rough draft had been fair copied by Mukul Gupta. This document also was awaiting Mr. Fazlul Huq's signature, and Mr. Mitter has admitted that he had given instructions that it should be placed before Mr. Fazlul Huq for signature simultaneously with the draft of the Debidwar-Muradnagar manifesto.

The evidence indicates that the draft of the Diamond Harbour manifesto (Ex. D) must have been signed by Mr. Fazlul Huq on the

morning of the following day, viz., the 10th January 1937. He admits his signature although he has no clear recollection as to the date on which he signed this document. About the same time Ex. F also came into existence with a signature purporting to be that of Mr. Fazlul Huq.

The question for us now to consider is whether or not the petitioner has been able to establish his case that this signature was a forgery.

When Mr. Fazlul Huq gave his evidence before us he appeared to be convinced that he could not have signed the manifesto in question. On the other hand, Mr. Mitter was equally convinced, when he first saw Mr. Fazlul Huq's signature on this document, that it was genuine, and, as will presently be seen, the action that he took indicated that he could have entertained no doubt whatsoever as to the authenticity of the signature. In fact, his conduct indicates that, even if he did not actually obtain Mr. Fazlul Huq's signature himself, he must at any rate have been fully cognizant of the circumstances in which it had been obtained.

We will now deal with various aspects of Mr. Fazlul Huq's evidence which is, of course, of the highest importance. As Mr. Fazlul Huq had no hesitation in issuing a manifesto in support of the respondent in connection with his candidature in the Diamond Harbour constituency it is suggested that it is by no means unlikely that he would have been prepared to give similar support to the respondent in his Debidwar-Muradnagar campaign. Mr. Fazlul Huq, however, explained that he signed the Diamond Harbour manifesto because in that constituency the respondent, who was standing on behalf of the Muslim League, was being opposed by another League candidate, namely, Jasimuddin Ahmed. He appears to have held the view that the interests of his own party would not have suffered in fact they might have been indirectly promoted by allowing two League candidates to contest the Diamond Harbour seat.

With regard to the Debidwar-Muradnagar constituency, however, the position was different. From the evidence of Shamsuddin Ahmed, the Secretary of the Nikhil Banga Krishak Proja Samiti, and that of Nurul Islam, one of the Assistant Secretaries of that organisation, it is clear that Habibur Rahman had been nominated as a candidate by the Tippera Krishak Samiti, and that he was formally adopted as the Proja party candidate at a meeting of the Election Board of that party, over which Mr. Fazlul Huq himself presided, on the 25th December 1936. Mr. Fazlul Huq admitted that, when he came to Calcutta from Patuakhali early in January 1937, he personally would have been very glad to help the respondent by issuing a manifesto in his favour in the Debidwar-Muradnagar constituency, and at this time he seems to have thought that it would have been good policy, if possible, to detach the respondent from the Muslim League. He further admitted that he actually approached the members of the Parliamentary Board with regard to this matter but he stated that, on account of the opposition which he encountered from those gentlemen, he finally refused to issue a manifesto in support of the respondent in connection with the Tippera election campaign. In this respect, the testimony of Mr. Fazlul Huq is corroborated by the evidence of Nurul Islam who states that, on the 9th January 1937, Mr. Fazlul Huq wanted to substitute the name of Nawab Faroqui for that of Habibur Rahman but he (Nurul Islam) opposed the idea. He goes on to say that Mr. Fazlul Huq then assured him that he would not do anything in the matter, and, on the same day, Mr. Fazlul Huq informed the members of the Parliamentary Board that he merely intended to issue a manifesto in favour of the respondent for the Diamond Harbour constituency. On the following day, namely, on the 10th January 1937, Mr. Fazlul Huq returned to Patuakhali.

When Mr. Fazlul Huq gave his evidence he emphatically denied that the signature on the draft manifesto, Ex. F, was his, and he drew our attention to certain peculiarities in this signature in support of his contention. He admitted however, as already indicated, that one cannot be too dogmatic about an isolated signature, and it is not impossible for busy people like himself to sign documents by mistake. He further admitted that the possibility of the signature having been obtained from him by some trick or fraud could not be ruled out altogether. The general effect of his testimony was, however, that he

was convinced that he did not sign Ex. F. His reasons may be briefly summarized as follows:—

(1) He had a clear recollection that he had never signed any manifesto of any kind in connection with the Tippera elections.

(2) There were certain differences between his usual signature and the signature on Ex. F, which he carefully explained to the Tribunal.

(3) Whenever he signed a manifesto he stated that he signed the manuscript document and not the proof copy.

(4) He had a distinct recollection of having been approached at Patuakhali by some person on behalf of Nawab Faroqui on or about the 3rd January 1937, when he was asked to issue a manifesto for the Tippera constituency. He refused to comply with this request without consulting the members of his Board, who had already adopted another candidate. After consulting these gentlemen he remembers that he definitely and finally refused to sign the manifesto in question.

Mr. Mitter's original evidence was to the effect that the draft of the Debidwar manifesto was produced before him by the intermediary, and that, as a result of a statement made to him by that person, he made certain alterations in the draft which he returned. He stated that finally about the 10th January 1937, Ex. F was brought to him by this man with a signature thereon which purported to be that of Mr Fazlul Huq. At that time he did not think it necessary to question the man as to the manner in which the signature had been obtained. It is clear that, in giving this evidence, Mr. Mitter wanted us to believe that he had no knowledge as to the manner in which Mr. Fazlul Huq's signature had been obtained. We are not prepared to accept his evidence on this point. As already mentioned he admitted in the subsequent stages of his evidence that he was, to a large extent, responsible for advising and directing the operations of the intermediary in the matter of obtaining Mr. Fazlul Huq's signatures to the manifestoes and, in our view, it stands to reason that it is extremely unlikely that Mr. Mitter would have left an important matter of this kind almost entirely in the hands of another person. We are confirmed in this view by the language of the letters which he himself addressed to the respondent on the subject.

Although Mr. Mitter himself had no direct concern with the final printing of the manifesto which was undertaken by the Pioneer Press in Calcutta under the orders of Abdul Alim, he admits that the printed copies of this manifesto were subsequently sent to Comilla under his orders. At this time it is quite clear that he was convinced that the signature of Mr. Fazlul Huq was genuine, and he retained this opinion at any rate until the following April when he admits that he assured Mr. Sarat Bose with regard to the authenticity of Mr. Fazlul Huq's signature.

Another indication to the effect that Mr Mitter could have had no doubt as to the genuineness of the signature is afforded by his subsequent admission that the alterations in his handwriting in the draft, Ex. N, were made after Mr. Fazlul Huq's signature had been obtained on Ex. F. Mr. Mitter certainly did his utmost to avoid making this admission because, at certain stages in his evidence, he said that he had a clear recollection that these alterations had actually been signed by Mr. Fazlul Huq. From the documents before us, however, it is quite clear that the alterations in Ex. N had never been signed by Mr. Fazlul Huq. It was demonstrated to Mr. Mitter that the draft which bore Mr. Fazlul Huq's signature, namely, Ex. F, corresponded exactly to the draft, Ex. N, as it appeared without the alterations in Mr. Mitter's handwriting. The alterations were of a very simple character but they were obviously made in order to emphasize the fact that Habibur Rahman was standing as a Congress candidate and, on this account, could not be supported by the Proja party. These alterations were embodied in the finally published manifesto, Ex. 5, and a reference is made to them in a letter addressed to Nawab Faroqui by a man named Paresh on the 17th January 1937, which letter (Ex Q) Mr. Mitter admits was written under his instructions. We have great difficulty in believing that Mr. Mitter would have ventured to make any alterations in the draft manifesto, after the original of that manifesto had been signed, unless he himself had taken a prominent part in obtaining Mr. Fazlul Huq's signature on the original and had felt quite satisfied that he had been authorised by Mr. Fazlul Huq to make the

alterations. In a matter of this sort to have relied on information from an intermediary, who was practically a stranger to him, would have been a procedure so dangerous that no man of reasonable prudence would have dared to incur the risk which it involved. In our view, therefore, this is an important circumstance which indicates that Ex. F must have been signed by Mr. Fazlul Huq himself, and that Mr. Mitter knew that it had been signed by him.

We are fortified in our opinion by the remarkable similarity which exists between the disputed signature on Ex. F and the admitted signatures of Mr. Fazlul Huq. These signatures have been examined independently by two handwriting experts nominated by each of the contending parties in this case. Both experts are of opinion that Mr. Fazlul Huq's signature on Ex. F is authentic, and they have mentioned convincing reasons for this opinion. We ourselves have also compared these signatures with great care and we have formed the same opinion. It is also significant that Nurul Islam (P. W. 4), the Assistant Secretary of the Nikhil Banga Krishak Proja Samiti, and Ahmad Ali (R. W. 3), both of whom were well acquainted with Mr. Fazlul Huq's handwriting, had no doubt in their minds that the signature on Ex. F war authentic. We have given the most careful consideration to the evidence of Mr. Fazlul Huq in this connection, but we cannot escape from the conclusion that he must have been mistaken in the views which he expressed in his testimony before us.

As to the exact circumstances in which Mr. Fazlul Huq signed this document the position is obscure. It is of course hardly likely that a gentleman of his standing would have issued a disclaimer couched in such forcible language as Ex. 6 less than a month after he had signed the document to which the disclaimer related if he had had any recollection at that time of having signed it. But whether Mr. Fazlul Huq at the time when he signed Ex. F realised that it was a draft of a manifesto for the Debidwar-Muradnagar constituency or whether his signature to Ex. F was obtained by some trick or fraud or in any other way is a matter which we are not called upon to decide in connection with this election petition. We do hold, however, that the evidence contains clear indications which leave little room for doubt that the draft manifesto, Ex. F, was signed by him, and that the respondent believed the signature to be genuine. It follows that the petitioner has not succeeded in establishing his case with regard to this particular issue.

In coming to this conclusion, however, we must not be taken to imply that the conduct of the respondent should be regarded otherwise than with strong disapproval. We have already referred to the false defence under which the respondent obviously took shelter with reference to Ex. 42(a). We also incline to the view that that part of his case is untrue in which he asks us to believe that Ex. A, dated the 16th January 1937, was written by Mr. Fazlul Huq from Patuakhali with reference to the Debidwar-Muradnagar manifesto.

According to the evidence of the respondent this letter (Ex. A) was received by him from Mr. Fazlul Huq in reply to a letter which he wrote on the 13th January thanking him for having issued a manifesto on his behalf in connection with the Debidwar-Muradnagar campaign and informing him that the authenticity of that manifesto was being questioned. It is, however, significant that this part of the respondent's case was not put in cross-examination to Mr. Fazlul Huq who was merely asked to explain the circumstances in which Ex. A was written. It is also significant that in one of his answers with regard to the contents of this letter the respondent admitted that he had said nothing in his letter to Mr. Fazlul Huq to the effect that the authenticity of the manifesto had been questioned because he was quite convinced that it had been signed by him. The Nawab admits that the printed manifestoes were not received by him from Calcutta until the night of the 12th January and could not have been distributed before the 13th January. From the evidence of Abdul Malek it seems to be unlikely that this particular pamphlet could have been circulated at all widely before the 14th January when it came into his hands. He was an active worker on behalf of Habibur Rahman, and it was he who was instrumental in publishing the pamphlet, Ex. 7, entitled "Nawab Saheb's game of dodge" which, according to his evidence, was prepared on the 15th January and was then distributed. It was in respect of this particular pamphlet that Abdul Malek and certain other persons were prosecuted by the respondent on the 16th January. The evidence therefore indicates that it could not have been before the 15th January that it came to the notice of the

respondent that the authenticity of Mr. Fazlul Huq's manifesto was being questioned. He states that he wrote simultaneously with regard to this matter to Mr. Mitter and to Mr. Fazlul Huq. Mr Mitter's evidence is to the effect that he received a telegram on this subject from the respondent on the evening of the 15th or on the morning of the 16th January and that, on the following morning, he received a letter on the same topic. It was in response to this telegram that he sent the original of the manifesto to the respondent with Paresh who left for Goalando on the 16th January. It seems, therefore, that, if the respondent wrote to Mr. Fazlul Huq at all with regard to this matter, this could not have been earlier than the 15th January and it is therefore unlikely that Mr. Fazlul Huq's letter, Ex. A, related to the Debidwar-Muradnagar manifesto.

The evidence of Mr. Fazlul Huq himself is to the effect that his letter of the 16th January (Ex. A) related to the Diamond Harbour manifesto, and that he sent it because it had been represented to him by some person on behalf of Nawab Faroqui that the authenticity of that manifesto had been questioned during the visit of the Nawab of Dacca to the Diamond Harbour constituency. The evidence of the Nawab of Dacca on this point is to the effect that he visited the Diamond Harbour subdivision early in January and addressed a meeting at Jaynagar about the 11th January. He appears to have returned to Calcutta the same day. His evidence was to the effect that some doubts were expressed in that meeting with regard to the authenticity of the manifesto which purported to have been signed by Mr. Fazlul Huq and was then in circulation in the Diamond Harbour constituency. In those circumstances, it is not unnatural that the respondent or some person on his behalf should have considered it prudent to obtain from Mr. Fazlul Huq himself a letter such as Ex. A, with regard to the authenticity of the Diamond Harbour manifesto. There seems to be no reason why we should not accept Mr. Fazlul Huq's evidence on this point, which fortifies us in our view that the respondent's defence in so far as it is based on Ex. A cannot be accepted.

We have already alluded to the reckless fashion in which the respondent denied letters which had obviously been written by him and to his attempts to take shelter under false defences. No useful purpose will be served by referring in detail to the many contradictions in the testimony of the respondent or to his numerous prevarications in connection with such matters as the employment by him of such persons as Mr. Mitter and Mukul Gupta in his election campaign. It is sufficient to say that, with reference to this particular issue alone, apart altogether from other aspects of the case, the impropriety of the respondent's conduct and the unreliability of his evidence have been amply demonstrated.

It is further alleged in paragraph 11 of the petition that the respondent circulated false statements to the effect that he was a candidate nominated by the Muslim League Parliamentary Board but this allegation has not been pressed by the petitioner. There is, in fact, evidence on the record to the effect that, although Nawab Faroqui had not actually taken the pledge of the Muslim League, he was standing as a League candidate both at Diamond Harbour and Comilla. It follows that the allegation in question was substantially true.

The next allegation in paragraph 11 of the petition is to the effect that the respondent circulated statements to the effect that the petitioner was a candidate set up by the Congress and was running the election at the expense of the Congress. There are statements to this effect in two leaflets (Exs. 10 and 11) which appear to have been circulated on behalf of Nawab Faroqui. On this point there is evidence to the effect that the petitioner, Habibur Rahman, was the nominee of the Tippera Krishak Samiti, an organisation of which Asrafuddin was one of the principal leaders and of which Abdul Malek was the Secretary. Asrafuddin, Abdul Malek and Habibur Rahman had all been active Congress workers and had actually undergone imprisonment in connection with the Civil Disobedience Movement. Habibur Rahman admits that part of his election expenses was paid by Asrafuddin Chaudhury and it is clear from the correspondence (Exs. V and O) that the affairs of the Tippera Krishak Samiti were conducted very largely under the influence and advice of the Congress party. We must hold that the respondent, in circulating a statement to the effect that the petitioner was a Congress candidate supported by Congress funds, did so in the belief that this statement was substantially true.

The other matters raised on this issue have not been pressed.

From what we have stated above it follows that Issue No. 6 must be decided in favour of the respondent.

In dealing with this issue we have referred in considerable detail to the activities of Mr. Mitter in connection with the respondent's election campaign, and it is in connection with these activities that a notice was served upon Mr. Mitter to show cause why his name should not be mentioned in our report as having committed corrupt practices under paragraph 2 of Part I and paragraph 1 of Part II of the First Schedule to the Order. The relevant portion of the notice served upon Mr. Mitter was as follows:—

> "To show cause why your name should not be recorded in the report of the Commissioners as having been guilty of a corrupt practice, in having as an agent directly or indirectly interfered or attempted to interfere with the free exercise of the electoral right of the petitioner Maulvi Habibur Rahman Chaudhury and/or in like manner interfered with or attempted to interfere with such electoral right in your private capacity with the connivance of the respondent Nawab Sir K. G. M. Faroqui, Kt., of Ratanpur, Comilla, and/or in like manner interfered with or attempted to interfere with such electoral right in your private capacity without the connivance of the said respondent by attempting through Mr. Sarat Bose to induce the said petitioner Maulvi Habibur Rahman Chaudhury to withdraw from being a candidate at the election aforesaid and/or to secure the withdrawal of the said Maulvi Habibur Rahman Chaudhury contrary to the provisions of paragraph 2 of Part I and paragraph 1 of Part II of the First Schedule (Corrupt Practices) to the abovementioned Order."

A similar notice was also issued upon the respondent who was asked to show cause why his name should not be recorded in the report of the Commissioners as having been guilty of a corrupt practice, in having himself directly or indirectly interfered with the free exercise of the electoral right of the petitioner Maulvi Habibur Rahman Chaudhury and/or in like manner interfered with or attempted to interfere with such electoral right through his agent, Mr. Satish Mitter, by attempting through Mr. Satish Mitter and/or Mr. Sarat Bose to induce the said petitioner to withdraw from being a candidate at the election aforesaid and/or to secure the withdrawal of the said Maulvi Habibur Rahman Chaudhury.

Both Mr. Mitter and the respondent showed cause on the 15th December 1937. The learned Advocate-General appeared for the Crown under the provisions of paragraph 5 of Part III of the Order, Mr. S. M. Bose appeared for Mr. Mitter and Mr. S. N. Banerji for the respondent.

Before going into the merits of the case, learned Counsel on both sides addressed us on the question whether it was open to the Tribunal to mention Mr. Mitter and the respondent in respect of the corrupt practices to which reference was made in the notices inasmuch as these matters had not been raised in the petition. Mr. S. M. Bose and Mr. Banerji contended that it was not open to the Commissioners to go into this matter at all, whereas the learned Advocate-General maintained that, having regard to the provisions of the English law on this subject, upon which the corresponding provisions of the Indian election law is based, and the language of paragraph 10 of Part III of the Order, it was open to the Tribunal to name the parties concerned in respect of corrupt practices not alleged in the petition, provided that they had been served with the requisite notices under the proviso to paragraph 10 of Part III of the Order.

The question is one of considerable difficulty. On the one hand, it is argued that the law, as it stands, makes no provision for the amendment of an election petition, after the expiry of the prescribed period of limitation, by adding new charges to those mentioned in the original petition, and it is pointed out that the power of amendment is limited under Rule 27(3) to the amendment of the particulars which have already been furnished. It may also be argued that Rule 31, which provides that every petition shall be enquired into by the Commissioners, as nearly as may be, in accordance with the procedure applicable under the Code of Civil Procedure, relates merely to the trial of

the petition which is sent by the Governor to the Commissioners for trial under paragraph 4(*1*) of the Order, and does not have the effect of conferring upon the Commissioners a power similar to that which may be exercised by an ordinary civil court to amend the plaint. On the other hand, as pointed out by the learned Advocate-General, there are certain provisions in the English Acts upon which the Indian election law is largely based, viz., the Parliamentary Elections Act, 1868, and the Corrupt and Illegal Practices Prevention Act, 1883, which indicate that, for the purpose of maintaining the purity of elections, the Election Judges are empowered in certain circumstances to go into matters not raised in the petition. He further argues that the language of paragraph 10 of Part III of the Order is so wide that it has the effect of conferring jurisdiction upon the Commissioners to mention any person in respect of any corrupt practice which has taken place during the election and which has been disclosed in the evidence whether such corrupt practice is included in the original petition or not, provided that such person is given a reasonable opportunity of showing cause why his name should not be so recorded in the report.

On general principles it is, of course, desirable that an enquiry of this nature should be ordinarily confined to matters within the scope of the original petition, but cases may arise, as has happened in the case now before us, in which the petitioner could have had no means of knowing that certain practices had been committed, which were *prima facie* corrupt, until the evidence in the case had been adduced. In such cases the question would naturally arise whether in the public interest and, in order to maintain the purity of elections generally, some penalty should not be imposed in respect of such corrupt practices.

We have carefully considered the arguments on both sides with reference to the legal aspect of the case but, as we think that Mr. Mitter and the respondent are entitled to succeed on the merits in view of the interpretation which we place upon paragraph 2 of Part I of the Corrupt Practices Schedule, it is unnecessary for the purposes of this case to decide the question whether or not in a matter of this sort it is competent for us to consider matters which have not been raised in the petition itself.

We consider it our duty, however, to draw the attention of Government to this matter, which is one of considerable importance, and to suggest that, if it is intended that the Commissioners should have authority to report persons in respect of corrupt practices which are not mentioned in the original petition, the provisions of the Order and the Rules should be amended to confer upon them this power in express terms.

With regard to the question whether Mr. Mitter attempted to interfere with the electoral right of Habibur Rahman by using his influence with Mr. Sarat Bose, the leader of the Congress party, to get the petitioner to withdraw his candidature in connection with the election the evidence may be briefly summarized as follows:—

1. As a result of a communication (Ex. 54) received from Nawab Faroqui in connection with another constituency Mr. Mitter admits that he endeavoured to get Abdul Majid to withdraw his candidature by writing to Dr. R. Ahmed on the subject. With reference to the observation in that letter "I wonder whether you can influence our friend to press Asrafuddin to withdraw his men against me" Mr. Mitter states that the expression "our friend" referred to Mr. Sarat Bose, and he asked him for help in the matter. He states, however, that he did not know whether Mr. Sarat Bose took any steps to comply with his request.

2. Mr. Mitter admitted that his letter, dated the 15th December 1936 (Ex. C), was written in response to a telegram from the Nawab asking him to go to Comilla with Mr. Sarat Bose in order to help him to get his opponents to withdraw.

3. He further admitted that Mr. Sarat Bose, who is his cousin, had shown him the correspondence with Asrafuddin mentioned in Ex. O and that he was in the unusual position of being able to get information not only from the Nawab's supporters but also through Mr. Sarat Bose from his opponents. He stated that he made it quite clear to the Nawab when he agreed to help him that such information would be of great value to him in the election campaign.

4. He admitted that under instructions from the Nawab he did his best, through Mr. Sarat Bose, to bring pressure to bear on Habibur Rahman to withdraw.

5. Mr. Mitter admitted that the position was that he would endeavour to influence Mr. Sarat Bose, if possible, to get Habibur Rahman to withdraw, and if he did not do so, he would get Mr. Sarat Bose to have him described as a Congress candidate.

It seems to be clear from these admissions that Mr. Mitter attempted to bring about the withdrawal of Habibur Rahman's candidature through the medium of Mr. Sarat Bose's influence with Asrafuddin, the leader of the Tippera Krishak Samiti. We have, however, no evidence to the effect that Mr. Sarat Bose himself actually made an attempt to exercise his influence at Mr. Mitter's request, and, in these circumstances, it cannot be said that it has been proved that there was any direct or indirect interference or attempt to interfere with the *free exercise* of Habibur Rahman's electoral right to stand or not to stand or to withdraw from being a candidate. In this connection, in discussing Issue No. 3 we have pointed out that, in our opinion, in order that undue influence may be established under paragraph 2 of Part I of the Corrupt Practices Schedule, it is necessary that the influence which is exercised should be accompanied by some element of coercion or some attempt or threat to coerce the free will of the person who is entitled to exercise the electoral right in question. In this particular case, Habibur Rahman himself appears to have been in total ignorance of the efforts which were being made by Mr. Mitter to secure his withdrawal and he does not mention them either in his petition or in his evidence. It is, therefore, quite clear that, as far as he was concerned, the free exercise of his electoral right in this matter remained unfettered, and there is no indication that he was subjected to any form of coercion or threat or attempt to coerce with reference to the exercise of his right to stand or not to stand or to withdraw from being a candidate.

We cannot, therefore, hold that either Mr. Mitter or the respondent has been guilty of any corrupt practice within the meaning of those paragraphs of the Corrupt Practices Schedule, in respect of which notices have been issued against them. We are, however, clearly of opinion that in being a party to a discreditable intrigue of this nature Mr. Mitter acted with gross impropriety and in clear violation of the provisions of paragraph 23 (2) of the Government Servants Conduct Rules. The Nawab also was guilty of similar impropriety in attempting to utilize the services of an official subordinate to him in promoting his private interests in connection with the election campaign. We, therefore, recommend that the costs of the Advocate-General in appearing in support of these notices be paid in equal shares by Mr. Mitter and the respondent respectively.

Issue No. 7 relates to the circulation of a number of pamphlets mentioned in Part III of the petition, which the petitioner alleges do not bear the name and address of the printer and publisher thereof. He therefore maintains that the respondent has contravened the provisions of paragraph 3 of Part III of the Corrupt Practices Schedule, which relates to the "issuing of any circular, placard or poster having a reference to the election which does not bear on its face the name and address of the printer and publisher thereof."

It was held in the *Cockermouth case* (5 O'Malley & Hardcastle, p. 156) that this provision of law is aimed at documents which are anonymous or of doubtful authority, so that the printer might be asked who had authorised him to issue such a document. Strict compliance with this provision is of considerable importance in the case now before us with particular reference to such documents as Exs. 3 and 4 which we have held to contain threats of divine displeasure and spiritual censure and to have been widely circulated on behalf of and with the connivance of the respondent among the electors in the Debidwar-Muradnagar constituency. One of these pamphlets appears to have been issued under a fictitious name, namely, that of Taru Mia, while the other is said to have been published by a man named Sona Mia who, according to the evidence, appears to have been one of the respondent's active helpers. As will be presently seen, the evidence contains clear indications to the effect that the entries relating to these and certain other pamphlets in the books of the Nazeria Press in which they were printed have been concocted, and it is, therefore, highly probable that these transactions were of a benami nature transacted primarily for the purpose of concealing the respondent's own responsibility in connection with the publication and issuing of the pamphlets in question.

In this connection, we must respectfully dissent from the observations of the learned Commissioners in the *South Saran Case* (2 H.I.E.P., p. 250) to the effect that by the comity and custom of the printing trade the printer of a pamphlet is assumed to be the publisher also. These observations appear to have been based on the view taken in *re-Election of County Councillors* (5 Times L. R. 195) but, as pointed out in Parker's "Election Agent and Returning Officer", p. 152, 3rd edition, section 18 of the Corrupt and Illegal Practices Prevention Act, 1883, upon which paragraph 3 of Part III of the Schedule is based, "seems to require a distinct statement as to who is the publisher as well as to who is the printer (exparte Jessel, Times newsp., Jan. 21, 1910); one person may, but does not always necessarily, fill both positions, and the printer may be a man of straw and the publisher a man of substance or *vice versa*. A distinct statement to satisfy the Act should therefore invariably be made."

Certainly as regards the majority of the pamphlets with which we are now concerned the assumption made by the Commissioners in the *South Saran* case would be inappropriate and against the evidence. In almost every case the name of the press is mentioned but it has not even been contended that these leaflets were published by the press whose name they bear. In fact, evidence is forthcoming in several cases with regard to the names of the persons who published these documents, and under whose authority they were printed. Printing is merely a mechanical process for reproducing manuscript which is sent to the press. Printed matter, however, can ordinarily only be put into circulation under the authority of a person who is prepared to assume responsibility for its publication and, especially in the case of electioneering pamphlets, it is essential that full particulars should be given to enable that person to be traced. It is probably on this account that the printer and publisher are separately mentioned in paragraph 3 of Part III of the Corrupt Practices Schedule. We think, therefore, that, unless an electioneering pamphlet shows clearly on its face that the printer and the publisher are the same, the name and the address of the publisher must be separately mentioned. In certain cases, however, in which the publisher is a well-known person, with regard to whose identity or address no question would ordinarily arise, pamphlets of this nature may be held to be substantially in order even if the publisher's address is not separately shown. Each such case would have to be decided with reference to its own particular circumstances.

The respondent admits having issued items Nos. 11, 16 and 18 in the list given in Part III of the petition. As regards item No. 11 (Ex. 13) "Krishi Mantri Banglar Krishak Prajar janya ki kariachen", his case is that the publisher's name was not mentioned owing to a misapprehension. As regards item No. 16 (Ex 14), it is admitted that the circular is technically defective as the respondent has not been mentioned as the publisher. It is, however, contended that this pamphlet contains sufficient materials to enable the identity of the publisher to be ascertained. Item No. 18 (Ex. 5) contains no address of the publisher, but it is contended that it is otherwise in order. As regards the other pamphlets mentioned in Part III of the petition the respondent denies having had anything to do with their issue or circulation.

It is in evidence that a good deal of the literature circulated by or on behalf of the respondent in connection with his election campaign was printed at the Nazeria Press, and the Nawab places considerable reliance upon the evidence of Hassan Beg, an assistant of this press, in order to show that, at any rate, some of the disputed pamphlets mentioned in Part III of the petition were not issued by him or on his behalf. The general demeanour of this witness was very unsatisfactory, and he made so many contradictory statements on important points, that we are satisfied that no reliance can be placed on his testimony. In fact, we think that his evidence does not display much regard for truth and that the accounts produced by him contain clear indications that they have been fabricated in order to support the respondent's case. Our main reasons for coming to this conclusion are as follows:—

1. When he first produced the books of the Nazeria Press he stated that the Order Book (Ex. 78) contained entries relating to all the orders placed with the press in 1343, corresponding to 1936-37, and that the bills relating to the same period and the preceding period were contained in the Bill Book (Ex. 79). At a later stage in his evidence, he said that there were certain cash transactions which did not appear in the Order Book or in the Bill Book but he maintained that such

transactions were nevertheless entered in the Cash Book although every single item of work connected with the election was entered both in the Bill Book and in the Order Book. He was then confronted with Ex. 56(*f*), a pamphlet entitled "Khosh Khabar", which was produced by Mr. Mitter during the later stages of his evidence together with certain other pamphlets which, according to him, he had received from the Nawab's election office at Comilla. Hasan Beg at first identified this pamphlet as one entitled "Abedan Patra" which was ordered by Sona Mia on the 7th January 1937, but a few minutes later, when the "Abedan Patra" (Ex. 9) was produced, he was compelled to admit that, although Ex. 56(*f*) was a pamphlet printed at the time of the election, it was not entered in the Order Book and that, in spite of the evidence which he had given previously, there were cash transactions even relating to the election which were not entered in the Order Book. The manner in which the witness gave his evidence on this point furnishes a clear indication to the effect that the books of account produced by him were fabricated with a view to including all the election pamphlets which had been produced before the Tribunal before Mr. Satish Mitter gave his evidence. The production of this particular pamphlet, Ex. 56(*f*) was unexpected. It was, therefore, not included and it was probably on this account that no entry relating thereto was made in the account books of the press which were produced for our inspection.

2. From their appearance the Order Book and the Cash Book seem to have been compiled at approximately the same time and the same kind of ink has been used in their compilation. It was pointed out to the witness that there were differences in the quality of the ink used in several places in the Bill Book. With regard to this matter he gave a plausible explanation to the effect that he made some entries with fountain pens borrowed from the customers. If he was really in the habit of doing this it is difficult to understand why similar differences should not have appeared in the Order Book.

3. We regarded it as a highly suspicious circumstance that some of the pamphlets, the circulation of which is denied by the respondent, for example (Ex. 4) "Formane Jamiate Ulemae Bangla and Assam", (Ex. 9) "Abedan Patra", (Ex. 15) "Nawab Faroqui Sahebke vote diben kon karan" appear in the accounts of such men as Sona Mia and Mofizuddi who, according to the evidence, were working on behalf of the respondent. There is ample evidence to the effect that these pamphlets were actually circulated on behalf of the respondent, and we think it highly probable that the entries relating thereto in the account books of the Nazeria Press are fictitious and of a benami character.

4. It was obviously intended that the entry relating to Ex. 26, "Tyejya Putra", should support the respondent's case to the effect that this pamphlet was published at the cost of Keramat Ali, the father of Azizur Rahman and Saidur Rahman. According to Hasan Beg's evidence, it was ordered by a man who stated that his name was Keramat Ali, but the description of this person given by Hasan Beg does not tally with that of Keramat Ali who incidentally testified to the effect that he did not know how the cost of the pamphlet had been met. This entry has obviously been fabricated.

5. According to the evidence of Hasan Beg and the entry in the Order Book, the order for the notices issued by Abedur Reza in connection with certain rural reconstruction meetings at Debidwar and Muradnagar were placed with the press on the 16th October 1936. Hasan Beg stated that he was definite that he had made no mistake on the point, and that the notices were delivered to a peon of Fariduddin Ahmed on the 17th October 1936. The falsity of this entry is clear from the fact that the meetings in question were actually held on the 11th October 1936 and 13th October 1936, and, according to the evidence of Abedur Reza, the invitation must have been issued at least a month before that date.

6. The falsity of the evidence of this witness was further emphasized by the production of various election pamphlets which had obviously been printed at the Nazeria Press but had not been properly entered in the account books. For example, with regard to Ex. 82, which had not been entered in any of the books produced by him, the witness at first admitted that this pamphlet had been printed at the Nazeria Press, but he subsequently endeavoured to show that it was a forgery. The prevarications of Hasan Beg with regard to this pamphlet

were pitiful, and we were of opinion that he was not speaking the truth with reference thereto. Similarly, Ex. 89 was clearly an electioneering pamphlet which had been printed at the Nazeria Press but had not been entered in any of the account books of that press.

7. Further, Ex. 83 is a notice relating to a meeting, the order for which, according to Hasan Beg's books, was placed on the 13th December 1936. He stated that the notices were delivered on the following day, but the notice itself shows that it was printed on the 30th December 1936.

8. There are also a number of mistakes in the dates and totals in the accounts, which indicate that they must have been hurriedly prepared without reference to the balance of cash in hand on the relevant dates.

After careful consideration of the evidence of this witness in all its aspects it is quite clear to us that no reliance whatsoever can be placed on his testimony and that the account books produced by him have been manufactured for the purpose of supporting the case for the respondent.

An important question which arises with regard to issue No. 7 is with reference to the meaning of the word "issuing" in paragraph 3 of Part III of the Corrupt Practices Schedule. It might be argued that in a restricted sense pamphlets to which reference is made in this paragraph can only be *issued* by a person who in his capacity as a publisher has given the order for printing. If this were the meaning of the expression, a candidate could only be held liable in respect of a corrupt practice under paragraph 3 of Part III of the Corrupt Practices Schedule if he himself or his agent had ordered or caused to be printed a pamphlet to which this particular paragraph of the Schedule relates. We do not think, however, that this paragraph should be interpreted in this restricted sense. It seems obvious to us from the language of the paragraph that the primary intention thereof is to penalize the circulation of certain printed pamphlets which had been printed under the instructions of or had been adopted by a candidate or his agent for electioneering purposes. In this view of the case the identity of the person under whose directions the pamphlet is printed is of little consequence provided it is clear that the pamphlet in question was adopted by a candidate or by his agent with the candidate's connivance as an electioneering pamphlet and was circulated by the candidate or his agent in contravention of the provisions of paragraph 3 of Part III of the Corrupt Practices Schedule.

We will now discuss in detail each of the pamphlets mentioned in Part III of the petition.

Item No. 1. This item relates to Ex. 3, "Moulana Saheber Ashal Kutha". We have already referred to this pamphlet in discussing the fifth issue. Its intention was to threaten voters with divine displeasure if they voted for the petitioner. It purports to have been printed and published at the Nazeria Press by a man named Taru Mia but admittedly the address of the publisher has not been mentioned. If the publisher had been easily identifiable without his address being mentioned we might possibly have held that this pamphlet substantially complied with the requirements of paragraph 3 of Part III of the Schedule. It was possibly on this account that the respondent contended that this pamphlet was actually published by a man named Taru Mia (P. W. 39) who must have been well known in the Tippera district both in his capacity as a Municipal Commissioner at Comilla and also as a prominent member of the Tippera Krishak Samiti. It was obviously intended that it should appear to the public to whom the leaflet was circulated that, in fact, it had been published by this man Taru Mia, who has deposed in this case.

Taru Mia himself has emphatically denied any connection with this leaflet and we are prepared to accept his evidence on this point. It would perhaps have been wise on his part if he had issued a disclaimer in respect of this pamphlet but we cannot disregard his explanation to the effect that, in the circumstances of the case, he was reluctant to spend money for this purpose. It is in evidence that Taru Mia was an ardent supporter of the petitioner in connection with his election campaign and that he actually addressed a meeting at Joynagar held in the petitioner's favour 15 or 16 days before the election. It is significant that Hasan Beg stated that the print order for Ex. 3 was given on the 8th January 1937. We find it very difficult to believe that a man who, according to the evidence, was supporting the petitioner and

who, a few days before the date of the print order, had addressed an election meeting on Habibur Rahman's behalf, could possibly have attacked the petitioner and other members of his own party in the violent language used in Ex. 3.

It has not been contended before us that at the time of the election there was any other well known man of the name of Taru Mia in the Tippera district and, that being the case, we cannot but regard the omission of the address of the publisher as substantial non-compliance with the provisions of paragraph 3 of Part III of the Schedule—particularly in view of the nature and the contents of the pamphlet itself.

Apart altogether, however, from the circumstances which we have mentioned the evidence contains clear indications that the name of Taru Mia, who appears as the author and publisher of the pamphlet, must have been fictitious. In this connection, it is significant that when Taru Mia made enquiries at the Nazeria Press as to the identity of the publisher he was unable to obtain any satisfactory reply. Further, Hassan Beg was unable to give any accurate description of the man who placed the print order for Ex. 3. He also stated that he did not know any Taru Mia in the Tippera district and even went so far as to state that he had never even heard the name of Taru Mia. A press which takes upon itself the responsibility for issuing a pamphlet such as Ex. 3 at the time of an election may reasonably be expected to be particularly careful to ascertain the identity of the persons from whom the print orders are received. Such precautions were, however, not taken in this case. It is further significant that the proprietor of the Nazeria Press, who, admittedly, is related to the respondent, has not himself come to depose in his favour. On the contrary, he has sent a subordinate to produce the books of the Nazeria Press, who, according to our findings, has given evidence which we cannot accept for reasons which we have already given. Having regard to all these circumstances, it is very difficult to escape from the conclusion that the name of Taru Mia was fictitious and that it was deliberately inserted in the pamphlet, Ex. 3, for the purpose of misleading any voters into whose hands it might eventually come.

It is unnecessary for us to come to a definite decision on the question of the identity of the real publisher of this pamphlet. It is, however, significant that it is written in support of the respondent. We have already commented on the testimony of Hassan Beg and the untrustworthiness of his books of account. In view of the nature of this person's evidence and the other circumstances which have been proved, we think that it is highly probable that Ex. 3 was actually published either by the respondent or one of his agents and we think that the testimony of Hassan Beg indicates that probably one of his primary objects in fabricating his accounts was to make it appear that the respondent himself had no connection with Exs. 3 and 4, which were both leaflets which we have held to contain threats to voters of divine displeasure and spiritual censure.

There is clear evidence that this pamphlet was adopted and widely circulated by or on behalf of the respondent and with his connivance. That being the case, it was issued by him within the meaning of paragraph 3 of Part III of the Corrupt Practices Schedule and it clearly falls within the purview of that paragraph. Although we do not express a definite opinion as to the direct responsibility of the respondent for having Ex. 3 printed with a view to its publication, we are satisfied that his legal responsibility for issuing this pamphlet without the address and the real name of the person who actually published it has been definitely established. We must, therefore, hold that the respondent has committed a corrupt practice in respect of this document within the meaning of paragraph 3 of Part III of the Corrupt Practices Schedule. Under the provisions of Part IV of the Order, this corrupt practice entails a disqualification for four years from the date of our report, both for membership of any Provincial Legislature and for voting at any election.

Items Nos. 2 to 5. These items refer respectively to Exs 19 to 22. These pamphlets appear to be in order, and, in any case, we think that the evidence relating to them indicates that they were probably issued not by the respondent but by the Muslim League Parliamentary Board.

Item No. 6. This item relates to Ex. 4 entitled "Formane Jamiate Ulemae Bangla and Assam". This is one of the leaflets which we have found to contain threats to voters of divine displeasure and spiritual

censure. The circumstances with regard to its publication and circulation are very similar to those which we have already discussed in dealing with Ex. 3. If anything, the evidence against the respondent, with special reference to the question of non-compliance with the provisions of paragraph 3 of Part III of the Schedule, is even stronger in the case of Ex. 4 than in the case of Ex. 3. It will be remembered that this pamphlet was drafted by Abdul Alim and Fariduddin who were active workers on behalf of the Nawab and by Harendra Chakrabarti, his estate pleader. Further, according to the evidence of Hassan Beg and the books of the Nazeria Press, the publisher of this document was a man named Sona Mia. One of the signatories of this pamphlet, Abdus Sobhan (R. W. 4), states, that he signed it at the request of Sona Mia, who, according to the evidence, was one of the respondent's active helpers and agents. We find, therefore, that this pamphlet was published by Sona Mia who in this respect acted as an agent of Nawab Faroqui and we think that the omission of his name and address from the leaflet was done deliberately for the purpose of concealing both his connection therewith and that of Nawab Faroqui whose agent he was. We, therefore, find that the respondent has also committed a corrupt practice in respect of this pamphlet within the meaning of paragraph 3 of Part III of the Corrupt Practices Schedule, and the penalties which he has incurred will be the same as in the case of Ex. 3.

Item No. 7. This item relates to Ex. 10 entitled "Sabdhan, nijer galai nije churi mario na." With regard to this particular pamphlet Hassan Beg states that it was published by Wahidulla. The latter's name and address, however, do not appear on the face of it. Although there is some evidence to the effect that it was circulated on behalf of the respondent it must be remembered that Wahidulla was himself a candidate. It is, therefore, possible that he may have published and circulated it on his own behalf. Our finding with regard to this particular document will, therefore, be in favour of the respondent.

Item No. 8. This relates to the "Abedan Patra" (Ex. 9), and this particular pamphlet appears to be in order.

Item No. 9. This item was struck out as the pamphlet in question was not filed in time.

Item No. 10. This item relates to Ex. 15 entitled "Nawab Faroqui Sahebke vote diben kon karan". There is a considerable volume of evidence to the effect that this pamphlet was circulated on behalf of the respondent. The press has been named, and also the names and addresses of the signatories. Although it is technically defective because the name and address of the publisher have not been separately mentioned it appears to be substantially in order, as there is evidence to the effect that one of the signatories, viz., Mofizuddin, was also the publisher.

Item No. 11. This relates to Ex. 13, entitled "Krishi Mantri Banglar Krishak Projar janya ki kariachen". The circulation of this pamphlet is admitted. It was signed by the respondent himself, and the pamphlet bears the name of the press. Although it is technically defective as the respondent's name does not appear separately as publisher we think that the leaflet may be regarded as substantially in order, as there is evidence to the effect that the respondent himself published it and the omission to mention him separately as the publisher was not likely to mislead anybody.

Item No. 12. This relates to Ex. 24 "Khola Chithi". This pamphlet appears to be substantially in order as there is evidence to the effect that one of the signatories, Abdul Salam, was also the publisher.

Item No. 13. This is a song by Taib Ali (Ex. 8). Although this pamphlet is technically defective as Taib Ali has not been separately mentioned as the publisher and his address has not been given, we do not think that the evidence of circulation on behalf of the respondent is sufficiently specific to enable us to connect him with it beyond any reasonable doubt.

Item No. 14. This relates to Ex. 11 entitled "Krishak Bandhu Abdul Jaliler duti katha". There is evidence relating to the circulation of this pamphlet on behalf of the respondent. The publisher appears to have been Wahidulla, and we think it is just possible that this document may have been published by him on his own behalf. Our finding with regard to this item is therefore in favour of the respondent.

Items Nos. 15 and 18. These relate to the manifesto signed by Mr. Fazlul Huq, which was circulated on behalf of the respondent in the Debidwar-Muradnagar constituency. This pamphlet is technically defective as the address of the publisher was not mentioned. Its circulation is admitted. We regard it however as substantially in order, because the publisher was a man whose whereabouts could have been easily ascertained, and the name and address of the press have been given.

Item No. 16. Item No. 16 (Ex. 14) contains an appeal to the voters. The circulation of this card is admitted, and although it is technically defective, we do not think that any voter is likely to have been misled as to the identity of the publisher who was the Nawab himself.

Item No. 17. This item relates to the red poster, Ex. 1. There is evidence to the effect that a very similar poster was printed at the Nazeria Press and circulated in the constituency. In view of the similarity between Exs. 1 and 81, it is just possible that the witnesses who deposed with regard to the circulation of Ex. 1 may have been mistaken as to the identity of this poster, and there is some doubt as to whether Ex. 1 was actually circulated in the Debidwar-Muradnagar constituency as alleged. We decide this point in the respondent's favour.

It follows, therefore, that there has been substantial non-compliance with the provisions of paragraph 3 of Part III of the Corrupt Practices Schedule on the part of the respondent in connection with Exs. 3 and 4 (items 1 and 6 mentioned in Part III of the petition). We must hold that he has been guilty of corrupt practices within the meaning of the above paragraph in respect of these pamphlets, and this issue is decided accordingly in favour of the petitioner.

Issue No. 8 relates to the alleged omission from the return of election expenses of certain items mentioned in paragraph 13 of the petition.

As regards the first of these items the case for the respondent is that the expenses connected with printing Ex. 17 were by mistake included in the Diamond Harbour return. He appears to have established his case to the effect that he committed a *bona fide* mistake as regards this pamphlet, and we are prepared to accept his contention.

Similarly, the Nawab admits that he did not include in his return the expenses incurred in printing Ex. 5 which was the Debidwar manifesto signed by Mr. Fazlul Huq on his behalf. His plea to the effect that this was due to a *bona fide* mistake has been supported by the testimony of Abdul Alim, an Advocate of the High Court, who published this pamphlet, and on this point also we find in favour of the respondent.

We have already referred to Ex. 1 in discussing issue No. 7. We have some doubt whether this poster was actually used in the Debidwar-Muradnagar constituency, and we think that the respondent should be given benefit of the doubt on this point.

The next item relates to the cost of purchasing and circulating copies of the "Gunabati Patrika." No satisfactory evidence has been adduced by the petitioner to show that the respondent incurred any expense connected with the circulation of this newspaper.

The next four items relate to Exs. 19 to 22. We are of opinion that the evidence indicates that these pamphlets were printed and published at the cost of the Muslim League, and it is doubtful whether the respondent incurred any expenditure in respect of them.

The next item concerns a booklet entitled "Banga Gourab Karmabir Nawab Sir Mohiuddin Faroqui, Kt." The evidence is to the effect that the entire expense connected with its publication was met by Babu Bhupendra Ghosh.

The next item relates to expenses said to have been incurred by the respondent in connection with certain feasts given at Debidwar and Muradnagar on the 11th and 13th October, 1936, respectively. We have discussed this matter in connection with Issue No. 2, and in accordance with our findings as regards that issue our decision on this point must be in favour of the respondent.

It has not been satisfactorily proved that any expenses were incurred by the respondent in connection with the distribution of oranges at the Bangora Polling Centre.

Similarly, there is no evidence to the effect that any expenses were incurred in connection with the employment of Abdul Hekim, Imanuddin Nuri, Shamsul Huda and Rahul Amin.

As regards the cost of a tea party said to have been given by the Nawab in connection with the publication of the "Khola Chithi" we are prepared to accept the evidence of Khan Bahadur Abdul Karim to the effect that the persons who were present on this occasion were only offered the ordinary hospitality of the respondent's house, and we do not think that it was necessary to make any entry regarding this matter in his return of election expenses.

There is no reliable evidence to the effect that *pan* and *biris* were distributed at any polling centre on behalf of the respondent.

Similarly, as regards the last item of this paragraph it has not been established that any travelling expenses and other remuneration were paid by the respondent in respect of the persons mentioned in this part of the petition.

This issue must, therefore, be decided in favour of the respondent.

Issue No. 9. We have already decided Issues Nos. 5 and 7 against the respondent. In view of our findings with reference to those issues, this issue must also be decided against him in respect of those corrupt practices which we have found to have been committed by the respondent.

Issue No. 10. This issue does not arise.

Issue No. 11 relates to paragraph 14 of the petition in which it is alleged that in Part E of the return of election expenses the respondent has made an entry to the effect that he paid the sum of Rs. 600 to the Nazeria Press as the cost of printing certain manifestoes and leaflets but failed to mention material particulars regarding this payment.

The main objection which is taken by the petitioner to the entry in Part E of the return is that only a lump sum of Rs. 600 is shown as having been paid to the Nazeria Press on account of printing work done by them for the respondent, and that no details have been furnished of this expenditure.

In the case before us the matter is of some importance in view of the conduct of the respondent and his agents to which we have referred in discussing the fifth and seventh issues. It has been established that the respondent issued two pamphlets (Exs. 3 and 4) which contained threats to voters of divine displeasure and spiritual censure and there are strong reasons for supposing that the accounts of the Nazeria Press were deliberately manipulated in order to conceal the fact that such pamphlets had been issued by him. In order to prevent the concealment of any corrupt practice of this nature it is obviously most desirable that full details of each payment should be given in the election return, and it appears to be due to the fact that a lump sum payment of Rs. 600 was shown in Part E of the return of election expenses relating to printing and in the supporting voucher that an opportunity was afforded to the Nazeria Press in this case to fabricate a number of entries in their books of account for the purpose of supporting the case for the respondent.

On behalf of the respondent it is argued that he was misled by the headings to the various parts of the return and it is urged that, although some indication is given in the headings to Parts A, B, C and D as to the nature of the details required, the heading to Part E does not contain any similar indication.

Under paragraph 5(2) of Part II of the Order it is laid down with reference to the return of election expenses that "Every such return shall be in such form and shall contain such particulars as may be prescribed, and shall be accompanied by declarations in the prescribed form by the candidate and his election agent made on oath before a magistrate."

The form and the particulars have been prescribed under paragraph 7(2) of Part I of the Rules, and Schedule 1 thereto annexed. The question for our consideration therefore is whether the particulars which have been furnished by the respondent are sufficient to comply with the provisions of the rules prescribed in this behalf.

In this connection, Note (2) to the form prescribed for "Expenses" is important. This note is in the following terms:—

> "Each payment made shall be entered separately, except payments on account of postage and telegrams for which lump sums may be shown. The name and description of each person paid and the work done or the nature of the goods supplied shall be shown in respect of each payment."

The heading to Part E is as follows:—"Part E. In this part the cost of printing shall be shown." In the body of the form there are separate columns in which the name of the payee and the account on which the payment is made must be mentioned.

It follows, therefore, that it must have been the intention of the framers of the rules that the printing work done on behalf of a candidate should be properly described in the column headed "On what account" in Part E; in other words, details in respect of each electioneering pamphlet and other items of printing should be mentioned, in connection with which the candidate may have incurred expenditure. Such a description is obviously not supplied merely by repeating in the second column the expression "cost of printing" which appears in the heading to the form, or by mentioning a lump sum payment. If such had been the intention the language of the heading would have been similar to that used in Part II which expressly states that the cost of postage and stamps may be shown in lump sums. Certainly on the respondent's own case there was no justification for the procedure which was adopted by the respondent as the counterfoil of the Nazeria Press bill mentioned separately the charges in respect of each item of printing work done on behalf of the Nawab.

A similar question was decided in the *Bulandshar District Court Case, 1931* (H. I. E. P., p. 233 and p. 246) with reference to Part C of the election return. In that case the payments made to the respondent's agents had been mentioned in lump sums and had been supported by vouchers in the shape of receipts from the payees. But no details of the expenditure of the payees had been shown. In that connection the learned Commissioners made the following observations:—"It is true that the sums are small. But the rules require full details to be given and as a matter of principle it is essential that full details should be given. If the rules are interpreted as permitting a bare statement that a certain polling agent or canvasser spent Rs. 10, without any further detail, then they will have to be interpreted as permitting a bare statement that an agent or canvasser spent Rs. 100, without any further detail and although there might be no great practical objection in the case of small sums, there would certainly be great practical objection in the case of large sums. In our opinion the manner in which the respondent and his election agent filed the return of election expenses was not that prescribed by the rules in respect of their return in Part C." With these observations we agree, and we consider that the law requires that the same principles should be applied in the case of Part E of the return.

It follows, therefore, that the respondent's return of election expenses is not in proper form, and this issue must be decided in favour of the petitioner. The respondent has, therefore, incurred the penalty laid down in Section 69 (*i*) (*f*) of the Government of India Act, 1935, under which he is disqualified from being a member of a provincial Legislature for five years unless the Governor acting in his discretion removes the disqualification. He has similarly committed a default in making the return within the meaning of paragraph 5 of Part IV of the Order which disqualifies him from voting at any election for a period of five years unless this disqualification is removed by the Governor under paragraph 8 of that part of the Order.

Issue No. 11 (*a*) relates to paragraph 9B of the petition, in which it is alleged that the respondent intimated Saidur Rahman Akhan, the brother of one of the petitioner's canvassers named Azizur Rahman, and, by reason of threats of injury to him, procured the signature of Saidur's father, Keramat Ali, to a paper purporting to be a denunciation of his son Azizur. It is said that this paper was printed and widely circulated by the respondent.

The case for the respondent with regard to this allegation is that Keramat Ali was annoyed at the conduct of his son Azizur Rahman in publishing a pamphlet (Ex. 25) and he therefore published Ex. 26 of his own free will and circulated it at his own expense by way of atonement for his son's action.

The witnesses who have testified with regard to this incident are P. W. 7 Saidur Rahman, P. W. 8 Altab Ali, P. W. 10 Azizur Rahman, P. W. 36 Keramat Ali, P. W. 39 Taru Mia, P. W. 41 Abdul Gani and R. W. 2 Golam Hossain Sarkar. We have considered this evidence very carefully, and we are clearly of opinion that the significance of the incident to which it relates has been greatly exaggerated.

There is no doubt that Azizur Rahman, who was actively canvassing on behalf of the petitioner, published a pamphlet entitled "Farabbaji" (Ex. 25) in which he attacked certain Moulvis and Moulanas who, according to him, had been hired by the respondent in connection with the election campaign. From the testimony of Taru Mia and Abdul Gani it appears that this leaflet was drafted at Keramat Ali's house by his son, Tafazzal, and that Keramat himself signified his assent to what was stated therein. Keramat is an old man of about 80 or 85 years of age and is clearly of a vacillating disposition. This appears from the fact that, although he at first agreed to the publication of the pamphlet and was actually prepared to sign it, he was most indignant with his son, Azizur, as soon as the pamphlet, Ex. 25, appeared in print. Both Keramat and Saidur Rahman seem to have been favourably disposed towards the respondent, and they took Azizur to task for the part which he took in the publication of Ex. 25. In fact, Keramat Ali states that he actually beat Azizur on this account. Further, Saidur admits that he voted for the respondent.

It is highly probable that the Nawab was displeased when the publication of Ex. 25 was brought to his notice, and it is not unlikely that he sent for Saidur to see him at the Debidwar cutchery eight or ten days before the election in order to get him to use his influence with Keramat Ali to issue a disclaimer to the offending pamphlet (Ex. 25). We do not, however, believe that the respondent actually used any threats in this connection. To have done so would probably have defeated his object. He must have known that Saidur and Keramat Ali were favourably disposed towards him, and to have threatened them in the presence of a large number of people would have probably lost him more votes than he would have been likely to gain by the issue of a disclaimer. It is clear from the testimony of Keramat Ali that the latter was quite willing to accompany Saidur to the Debidwar cutchery. He admits that he told the Nawab that his son Azizur had behaved badly in publishing the pamphlet (Ex. 25), and he asked to be excused on this account. He further states that he signed a blank paper at the cutchery, which according to information which he received at that time would be published later under the heading "Tejya Putra." His evidence is to the effect that his signature was not obtained by reason of any threats to himself or to his son Saidur but that he signed a blank paper willingly in order to make amends for his son's conduct and in the full knowledge of the use to which this paper would be put by the respondent. It is not, however, the petitioner's case that Keramat Ali signed a blank paper. We are, therefore, of opinion that this particular charge has not been established by the petitioner.

We must, however, observe that the facts relating to this incident as disclosed in the evidence differ materially from the case in the written statement where the whole incident is emphatically denied. The evidence seems to indicate that the respondent probably procured the signature of Keramat Ali to the pamphlet with the intention of publishing the same under the heading "Tejya Putra", and that this pamphlet was circulated on behalf of the respondent. Keramat Ali states that he did not pay for the expenses connected with the publication of the pamphlet and that it was the Nawab himself who did this. The circumstances which have been proved clearly indicate that this must have been the case. After the document had been signed it was left by Keramat Ali at the Debidwar cutchery and it was duly published by the Nazeria Press which printed most of the electioneering pamphlets used by the respondent during the course of his election campaign. As has been demonstrated the entries in the books of the Nazeria Press to the effect that this pamphlet was printed under the instructions of Keramat Ali himself are clearly false, and there is no doubt that those entries were made merely to support the case for the respondent.

With regard to this particular incident there can be no reasonable doubt that the respondent has taken shelter under a false defence, but, although this may be of importance in estimating his general conduct with reference to this case, the fact remains that this particular issue must be found in his favour.

Issue No. 12. In view of what we have stated above the petitioner succeeds, and he is entitled to the relief mentioned in the concluding paragraphs of this report.

Before we conclude our report, we think it our duty to advert to what we regard as one of the most important features of this case, which has been disclosed in the evidence. We have found that the respondent made considerable use of the services of certain officers of Government in connection with his election campaign. Some of these officials appear to have actively canvassed on his behalf, while one of them took such a prominent part in the election that he admitted that he was acting to all intents and purposes in the capacity of an election agent for respondent. We have no doubt that these officials were acting on behalf of the respondent with his connivance and, in fact, at his request but, in so doing, they were clearly violating the terms of paragraph 23(2) of the Government Servants' Conduct Rules, and they have thereby rendered themselves liable to severe departmental punishment.

The law, as it stands, appears to impose no penalty or disqualification upon a Minister who abuses his position by demanding or accepting from officials services in furtherance of his private interests in an election campaign. We regard this defect in the law as an anomaly which is likely to lead to a gross and dangerous form of corruption in public life, and we think it is a matter of importance that Government should take steps to prevent the recurrence of conduct on the part of Ministers and officials in connection with elections similar to that which has come to light in this case.

So far Government have merely contented themselves with drawing attention to their general policy with regard to this matter in two letters which have been exhibited in this case. These letters are in the following terms:—

"Ex. 91.

Nos. 9091-9142A.R.-D.

From—R. N. Gilchrist, Esq., C.I.E., I.E.S., Reforms Commissioner and Joint Secretary (Ex-officio) to the Government of Bengal,

To—All Commissioners of Divisions, all District Officers, and all District and Sessions Judges.

Darjeeling, the 15th October 1936.

Sir,

I am directed to request that, in view of the impending elections to the Bengal Legislative Assembly and the Bengal Legislative Council, the attention of all officers subordinate to you may be drawn to the orders contained in the enclosed copy of letter No. 851A.—D., dated the 21st July 1915, regarding the attitude to be adopted by Government officials in connection with elections.

I am to ask that the importance of strict adherence to these orders may be impressed on all officers, including ministerial officers subordinate to you. The attention of officers may also be drawn to sub-rule (2) of rule 23 of the Government Servants' Conduct Rules, which lays down that a Government servant while exercising his vote should give no indication of the manner in which he proposes to vote or has voted.

No. 851A.—D., dated Dacca, the 21st July 1915.

From—The Hon'ble Mr. J. H. Kerr, C.I.E., I.C.S., Officiating Chief Secretary to the Government of Bengal,

To—All Commissioners of Divisions and all District and Sessions Judges.

As a result of the growth of representative institutions throughout the province, and the introduction of the elective principle in the constitution of certain local bodies the question of the attitude to be adopted by the Government officials in the matter of popular elections has recently acquired some importance, and the Governor in Council considers it desirable to remind all Executive and Judicial officers that any official interference in such elections is contrary to the general policy of Government.

2. It is not intended that Government officers, who have the right to vote in such elections, should abstain from voting but in the circumstances of this country there is a risk that, should Government officials take any prominent part in such elections, the electors may consider that their freedom of choice has been to a certain extent curtailed. His Excellency in Council accordingly desires it to be made known that he deems it undesirable that Government officials should take part in anything in the nature of an electoral campaign in connection with such elections, whether by attending election meetings or by canvassing for votes on behalf of any particular candidate.

3. These instructions should be communicated to all officers, including ministerial officers who are subordinate to you."

From the facts which have been disclosed in the case now before us it seems to be clear that the instructions contained in the two letters cited above are inadequate for the purpose of ensuring the non-intervention of officials in an election in a case in which a Minister under whom such officials may be serving is prepared to subordinate the interests of the departments within his portfolio to the promotion of his private ambition or to the furtherance of his own purposes.

The duty of an official is to perform to the best of his ability the administrative work of his own department in accordance with the terms of his appointment and the provisions of the Government Servants' Conduct Rules. While we recognise the difficulty in which an official may sometimes be placed by a request from an unscrupulous Minister or other official superior to violate the conditions of his service in order to promote the private interest of a particular candidate in an election, we consider that, nevertheless, it is the duty of an official to refuse to comply with such a request. We hope that Government will at the earliest opportunity issue instructions to officials as to the line they should adopt or the action they should take if they are requested by or on behalf of a Minister to participate in an election campaign in a manner contrary to the provisions of the Government Servants' Conduct Rules or any other orders of Government which may have been issued in this connection, and draw their attention clearly to the penalties to which they render themselves liable by complying with improper requests for assistance in electioneering matters.

It is against public interest that a Government official should be in a position to press his claims for special departmental advancement on a Minister whom he may have assisted in his election campaign. It is equally dangerous from the point of view of the welfare of the administration that a Minister should place himself under any sort of private obligation in such matters to officials employed in the departments within his portfolio. Abuses such as those which have been disclosed in this case in connection with the employment of Government officials for electioneering purposes are likely to undermine the purity of the entire administration. The remedy is in the hands of Government and the Legislature, and we hope that steps will be taken not only to ensure adherence to the existing provisions of the Government Servants' Conduct Rules on the part of officials but to protect such officials against unscrupulous exploitation in connection with electioneering matters on the part of their official superiors, however highly placed such official superiors may be, and to penalise such exploitation if and when it occurs.

The result of our findings on the issues is that we consider that it has been proved that the respondent was guilty of the corrupt practice of undue influence in respect of the circulation of the pamphlets mentioned in paragraph 10 of the petition and which are entitled "Moulana Saheber Asal Katha" and "Formane Jamiate Ulemae Bengal and Assam." This is a corrupt practice specified in Part I of the First Schedule to the Order and was committed with the connivance of and in the interests of the returned candidate. It follows, therefore, that the election of the respondent is void under the provisions of paragraph 7(*1*) of Part III of the Order, and that under Part IV of the Order he will be disqualified for membership of any Provincial Legislature for a period of six years from the date of our report. He will also be disqualified for voting at any election for a similar period.

We have also found that the respondent was guilty of a corrupt practice under paragraph 3 of Part III of the First Schedule to the Order in respect of the issue of certain circulars which did not bear on their face the names and addresses of the printers and publishers thereof. This corrupt practice entails disqualification for membership of any Provincial Legislature and for voting for the period of four years from the date of our report.

Similarly, in connection with the eleventh issue, we have found that the respondent has incurred a disqualification for membership of any Provincial Legislative Assembly for five years and for voting at any election for a similar period.

We assess the petitioner's costs in this enquiry at Rs. 16,000 and, having regard to our findings and the circumstances of the case generally, we recommend that three-quarters of this amount, viz., Rs. 12,000 be paid by the respondent to the petitioner.

In addition we recommend that the respondent should pay the petitioner the sum of Rs. 32 which he was directed to pay as adjournment costs on the 29th October 1937. From the total amount payable by the respondent to the petitioner should be deducted the sum of Rs. 300 which the petitioner was directed to pay him as adjournment costs on the 17th August 1937. In all, therefore, a sum of Rs. 11,732 will be recoverable from the respondent by the petitioner.

We also recommend that the petitioner should pay to Government the sum of Rs. 310, which represents the balance of the amount of the fees due from him to the Government Handwriting Expert, and that the respondent should pay to Government the sum of Rs. 6-4, the balance due from him in respect of the travelling allowance of Abdul Hye.

As regards the costs of the Advocate-General which amount to Rs. 862-6 we recommend that these costs be recovered by Government in equal shares from Mr. Satish Mitter and the respondent respectively.

We report accordingly to His Excellency the Governor of Bengal. In our view the respondent has not been duly elected. We recommend that his election to the Bengal Legislative Assembly from the Tippera North Mahomedan Rural Constituency (police-stations Debidwar and Muradnagar) be set aside.

Finally, we desire to place on record our appreciation of the valuable help which we have received in this case from the learned Advocate-General, Mr. S. M. Bose, Mr. S. N. Banerji, Mr. B. B. Das, Mr. N. R. Das-Gupta and the learned junior Advocates who assisted them.
